CORNER SIXTEENTH AND LARIMER,

DENVER, COL.

INTER-OCEAN HOTEL

Cor. Blake and Sixteenth Streets,

S. L. CHAPIN, *Cashier.* }
CHAS. H. HINMAN, *Clerk.* }

Denver, Col.

THIS Large and Commodious House has been newly painted, renovated, and refurnished, and is first-class in all respects.

The Proprietor is determined that the

INTER-OCEAN HOTEL

shall be the best kept House in Denver, and hopes to greet his old friends, as well as many new ones, promising every attention that will add to their comfort and make them feel at home.

The Table shall always be supplied with the best the Denver market affords.

Rooms in suits, Telegraph Annunciators, connecting each room with the office.

A Private Dining Hall for Ladies and Special Parties.

One of the finest Billiard Halls in the West has been fitted up for the accommodation of the guests of this House.

HOWARD C. CHAPIN,
Proprietor.

CHICKERING & SONS'

GRAND, SQUARE AND UPRIGHT

PIANO FORTES

Have been awarded the

HIGHEST PREMIUMS EVER GIVEN TO ANY PIANO MANUFACTURERS IN THE WORLD.

The use of the Chickering Pianos by the greatest pianists, art critics and Americans, has given to the Chickering Pianos a universal *prestige* and reputation far above all other Pianos manufactured in this country or Europe. The overwhelming verdict of the very highest art talent, including Dr. Franz Lizst, Dr. Hans Von Bulow, Louis Plaidy, Stephen Heller, and hundreds of other masters of the art, places the Chickering Pianos of to-day at the head of the *entire list of Pianos made in the world*, proving them SUPERIOR TO ALL OTHERS.

The Chickering Pianos were awarded the First Grand Gold Medal of Honor, at the Paris Exposition of 1867, and were given the still higher award far beyond all Medals, conferred only upon Chickering & Sons, to the exclusion of Four Hundred other Competitors: viz: The Imperial Cross of the Legion of Honor.

OVER 47,000 NOW IN USE.

MASON & HAMLIN CABINET ORGANS

WINNERS OF THREE HIGHEST MEDALS and DIPLOMAS OF HONOR at VIENNA, 1873; PARIS, 1867.

This house is conducted with especial reference to the business of Banks, Bankers, Corporations, Mercantile Firms, and Individuals. Four per cent. interest allowed on Gold and Currency Deposits, which may be Checked for at Sight. Statements of Accounts rendered and Interest credited monthly.

Consignments of Gold, Silver and Lead Bullion, Crude and Refined, receive special attention. Collections made at all Points.

Orders for the purchase and sale of Gold, Government Bonds, and all other Securities promptly executed. State, County and Municipal Loans Negotiated. Bills of Exchange on England, Ireland, Scotland and the Continent. Letters of Credit available in all parts of the world. Cable Transfers of money between New York and London and the Continental Cities.

LANDRETHS' WARRANTED GARDEN SEEDS

Have been familiarly known to the American public for upward of three-quarters of a century.

They speak their own praise wherever planted.

Dealers in seeds, whether country merchants, booksellers, druggists, or regular seedsmen, not already customers of the subscribers, are invited to become such.

Our wholesale price list, published for the trade only, will be mailed to all country merchants, booksellers, druggists, or regular seedsmen who apply.

Market Gardeners, to whom pure and reliable seeds are of the first importance, will be supplied on favorable terms.

Private Families, resident in localities remote from parties who vend our seeds, will be supplied (by mail, post-paid, or express) with seeds of quality seldom equaled.

Landreth's Rural Register (for 1876), containing numerous hints on Horticulture, will be mailed to all applicants who enclose a two-cent stamp with their address.

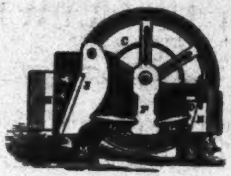
BLAKE'S

PATENT

STONE AND ORE CRUSHER

NEW PATTERN.



With Important Improvements.

THIS MACHINE

Has stood the test of several years constant use in mines of every description, in this and all foreign Countries.

It will break with ease and celerity the hardest and most refractory Ores to any required size, and is an invaluable aid for pulverizing.

By its use, in combination with stamps, a clear saving of 25 per cent. is effected.

SIMPLE, COMPACT AND DURABLE.

The parts subject to wear are of the Hardest Chilled Iron, and can be easily and cheaply replaced.

Machines of all sizes can be supplied at short notice.

Prices have been reduced, and purchasers get the advantage of recent valuable improvements.

For full particulars see our illustrated Circular, sent on application.

Parties are cautioned against making, selling, or using machines infringed upon our patent, which has been fully sustained by repeated decisions of the Courts.

BLAKE CRUSHER COMPANY,

MEN, OFFICERS, SOCIETIES, SCHOOLS, CHURCHES, ETC., IN ALL THE
CITIES AND TOWNS OF COLORADO, TOGETHER WITH POST
OFFICE, EXPRESS AND TELEGRAPH, RAILROAD
AND STAGE OFFICES.

DENVER, COLORADO.
J. A. BLAKE, PUBLISHER.
1876.

Entered according to Act of Congress, in the year 1875,

By J. A. BLAKE,

In the office of the Librarian of Congress, at Washington.

Jno. McKittrick & Co.,
Lithographers, Printers and Stationers,
St. Louis, Mo.

PREFACE.

IN presenting the SECOND ANNUAL VOLUME of the COLORADO BUSINESS DIRECTORY, the publisher returns thanks to the citizens of the various cities and towns who have so cheerfully aided our canvassers in obtaining facts, and so liberally endorsed the enterprise by their subscriptions and advertising.

The work has already proved a gratifying success, being in large demand, not only among our business and professional men, but also in unexpected favor with Eastern manufacturers and merchants seeking Colorado trade.

The publisher has had the valuable assistance of P. B. Dixon, Esq., in the preparation of this volume, and to his faithful labors and enterprise the completeness of the book is largely due.

J. A. BLAKE.

COLORADO

STATE DIRECTORY

1876.

HISTORICAL.

TRADITIONS of the Grand Expedition under the Spanish Captain, Coronado, who explored the region now known as Colorado as far back as 1540, and found gold, formed settlements, and built towns, are to this day related by many of the old settlers. They are backed by a considerable show of truth, for there exists in some parts of the territory, particularly in the mountains of the southwest, visited by the Hayden explorers, unquestionable evidence of the existence, at some remote period, of inhabitants skilled in the arts and well up in all industrial pursuits.

Spaniards belonging to the army of Pamphilio de Narvez, early in the fifteenth century, arrived in Culican, and related wonderful tales of the beauties of the country to the north, where they had found people, "possessed," as the tradition goes, "of corn, beans, home-spun goods, gold, silver, and precious stones."

The first explorations in Colorado under the United States Government were made by Major Pike and party, in the fall of 1806. He chronicles the discovery of the peak which bears his name, fixing its altitude at 18,581 feet, calculating the plains at its base to be 8,000 feet. Colonel Long came out in 1820, Captain Bonneville in 1832, and John C. Fremont in 1842 and 1843. There were then no white settlers here, except a few trappers, traders and adventurers; besides these, the only inhabitants were a small number of Pueblos, or civilized Indians and Mexicans, in the south, and bands of savages who roamed the plains.

The first permanent white settlements in Colorado followed the great "Pike's Peak gold scramble" of 1858-59. Colorado City, Golden City, Auraria and St. Charles, (where Denver now stands,) and Gregory Gulch, were the pioneer towns and camps. The State of Kansas was presumed to exercise authority over this region, but the miners did not recognize it, and following the remarkable influx of people, which the discovery of rich lodes and gulch claims brought, in 1859, they met in mass convention and organized the Territory of Jefferson. An election for officers took place on the 24th of October, 1859, and resulted in the choice of R. W. Steele for Governor, and Lucien W. Bliss for Secretary; H. J. Graham was chosen delegate to Congress, and succeeded a few months after by Beverly D. Williams. The first Legislature met at Denver, November 7, 1859, and adjourned *sine die* on the 7th of December, after having given existence to the first laws.

On the 28th of February, 1861, Congress passed the bill organizing the Territory of Colorado. The first Federal officers were: Wm. Gilpin, Governor; Lewis Ledyard Weld, Secretary; B. F. Hall, Chief Justice; S. Newton Pettis and Chas. Lee Armour, Associate Justices; Copeland Townsend, Marshal; Wm. L. Stoughton, Attorney General; and Francis M. Case, Surveyor General.

The following Governors and Secretaries have served from 1861 to 1876. Governors: William Gilpin, qualified July 8, 1861; John Evans, April 11, 1862; A. Cummings, October 19, 1865; A. C. Hunt, May 27, 1867; E. M. McCook, June 15, 1869; S. H. Elbert, April 5, 1873; E. M. McCook, June 26, 1874; John L. Routt, March 29, 1875. Secretaries: Lewis Ledyard Weld, qualified July 8, 1861; Samuel H. Elbert, April 19, 1862; Frank Hall, May 24, 1866; Frank Hall, June 15, 1869; Frank Hall, April 17, 1873; Jno. W. Jenkins, March 11, 1874; Jno. Taffe, August 10, 1875.

The question of statehood has from 1859 until now entered more or less into Colorado politics. There was a considerable party in 1859 who favored the prompt admission of the "Pike's

Peak gold region" as a state. After strenuous efforts at times, in the year 1864 Congress passed an enabling act; but at an election, held September 13, that year, on the adoption of a state constitution which had been formed in convention, July 11, it was defeated by a vote of 4,219 for, to 5,009 against it. Another election was held September 5, 1865, and a state constitution adopted by a vote of 3,025 to 2,870; but it did not receive the signature of the President. Repeated efforts for admission have been made since, and finally the last Congress passed a bill, which was approved by the President, March 3, 1875, "to enable the people of Colorado to form a constitution and state government, and for the admission of the said state into the Union." Under this act an election for delegates to frame a constitution, to be submitted to a vote of the people, was held October 25, 1875, and the Convention of Delegates assembled in Denver, December 20, 1875. The constitution prepared by them will be submitted to a vote of the people, and, if ratified, July 4, 1876, will be the date of the admission of Colorado, and she will aptly stand as "the Centennial State."

POLITICAL.

The area of Colorado is 104,500 square miles. There are 25 COUNTIES, as follows: Arapahoe, Bent, Boulder, Clear Creek, Conejos, Costilla, Douglas, Elbert, El Paso, Fremont, Gilpin, Grand, Hinsdale, Huerfano, Jefferson, Lake, La Plata, Las Animas, Larimer, Park, Pueblo, Rio Grande, Saguache, Summit, Weld.

There are three JUDICIAL DISTRICTS: the First, composed of Arapahoe, Douglas, Elbert, Lake, Park, Summit and Weld counties; the SECOND, of Boulder, Clear Creek, Gilpin, Grand, Jefferson, Larimer; and the THIRD, of all the other counties.

The LEGISLATIVE DISTRICTS, consisting of eleven council and sixteen representative, are apportioned as follows, with the number of members allotted to each: COUNCIL DISTRICTS—1st, Arapahoe County, 2; 2d, Weld and Larimer, 1; 3d, Boulder and Jefferson, 1; 4th, Gilpin, 2; 5th, Clear Creek, Summit and Grand, 1; 6th, Douglas, Bent and Elbert, 1; 7th, Pueblo and El Paso, 1; 8th, Fremont, Park, Lake and Saguache, 1; 9th, Las

Animas, 1; 10th, Huerfano, 1; 11th, Costilla, Hinsdale, La Plata, Rio Grande and Conejos, 1. Total, 13. Representative Districts—1st, Arapahoe, 4; 2d, Weld and Larimer, 2; 3d, Jefferson, 1; 4th, Boulder, 1; 5th, Jefferson and Boulder, 1; 6th, Gilpin, 3; 7th, Clear Creek, Summit and Grand, 1; 8th, Douglas and Elbert, 1; 9th, Bent, 1; 10th, Pueblo and El Paso, 2; 11th, Fremont, Park, Lake and Saguache, 2; 12th, Las Animas, 3; 13th, Huerfano, 1; 14th, Costilla, 1; 15th and 16th, Conejos, Costilla, Rio Grande, Hinsdale and La Plata, 2. Total, 26.

Elections.—The annual election occurs the second Tuesday in September. The elective officers are: Delegate to Congress, members of the Territorial Legislature, District Attorneys, and the usual county officers, for two years. Under the new state constitution, when adopted, an election will be held for state officers, who will be chosen, probably, every two years. Municipal elections occur the first Monday in April.

Legislature.—The Legislature meets once in two years at the capital the first Monday in January, the session limited by law to forty days. It consists of a Council, with thirteen members, and House with twenty-six. The Eleventh Legislature convened at Denver, January 4, 1876, and its members, whose terms will hold for any extra or special sessions till January, 1878, unless the new constitution changes the law, are as follows:

(R denotes Republican; D, Democrat; and I, Independent, in politics.)

COUNCIL.

1st *District*—B. B. Stiles, R, Denver; B. M. Hughes, D, Denver.

2d *District*—B. H. Eaton, R, Greeley.

3d *District*—J. C. Hummel, D, Longmont.

4th. *District*—Silas B. Hahn, D, Central City; E. L. Salisbury, R, Central City.

5th *District*—R. S. Morrison, D, Georgetown.

6th *District*—A. D. Wilson, I, Elbert county.

7th *District*—James Rice, R, Pueblo.

8th *District*—James Clelland, D, Canon City.

9th *District*—P. A. McBride, D, Trinidad.

10th *District*—Silveno Suasso, D.

11th *District*—Adair Wilson, D, Del Norte.

Council: 8 Democrats, 4 Republicans, 1 Independent.

HOUSE.

1st *District*—Edward Pisko, R, Denver; Wm. B. Mills, R, Denver; Alf. Butters, R, Denver; E. L. Smith, D, Denver.

2d *District*—J. C. McCown, R, Erie; N. H. Meldrum, R, Fort Collins.

3d *District*—M. N. Everitt, R, Wheat Ridge.

4th *District*—D. C. Patterson, D, Sunshine.

5th *District*—George Rand, D, Golden.

6th *District*—Fred'k Kruse, R, Central City; William Larned, R, Central City; John C. McShane, D, Central City.

7th *District*—John H. Yonley, D, Montezuma.

8th *District*—J. M. Nimerick, D, Greenland.

9th *District*—Frank Bingham, I, Las Animas.

10th *District*—A. Z. Sheldon, R, Colorado Springs; H. O. Rettburg, R, Pueblo.

11th *District*—I. N. Peyton, R, Saguache; James Y. Marshall, D, Fairplay.

12th *District*—Mauricio Apadaca, D; Nicanora D. Jaramillo, D; Donaciano Gurule, D.

13th *District*—Herman Duhme, Jr., D, [illegible]lsenburg.

14th *Distr[illegible]*—Francisco Sanchez, R.

15th *District*—T. M. Trippe, R, Howardsville.

16th *District*—R. J. McNutt, R, Eureka.

House: 11 Democrats, 14 Republicans, 1 Independent.

Delegates to Congress.—The following have been the Delegates to Congress: 1863–64, Hiram P. Bennett, of Denver; 1865–66, Allen A. Bradford, of Pueblo; 1867–68, George M. Chilcott, of Pueblo; 1869–70, Allen A. Bradford, of Pueblo; 1871–72, Jerome B. Chaffee, of Denver; 1873–74, Jerome B. Chaffee, of Denver; 1875–76, *Thomas M. Patterson*, of Denver.

JUDICIAL.

There are three Judicial Districts: the First composed of Arapahoe, Douglas, Elbert, Lake, Park, Summit and Weld counties; the Second, of Boulder, Clear Creek, Gilpin, Grand, Jefferson, Larimer; and the Third, of all the other counties.

Supreme Court Judges.—Moses Hallett, Pueblo, C. J.; A. W. Brazee, Denver, 1st District; A. W. Stone, Central City, 2d District.

U. S. Marshal—C. C. Tompkins; *U. S. Attorney*—C. D. Bradley.

TERMS OF COURT.

Supreme Court.—At Denver. Annual Term, 2d Tuesday in February. Its jurisdiction is that of a Court of Review, and it sits also as a Court of Bankruptcy under the United States Bankrupt Act.

First District, Hon. A. W. Brazee.

Arapahoe—*Denver*, 1st Monday in April, 2d Monday in September.

Weld—*Evans*, 2d Monday in June, 4th Monday in November.

Douglas—*Castle Rock*, 4th Monday in June.

Park—*Fairplay*, 2d Monday in July.

Summit—*Breckenridge*, 4th Monday in July.

Lake—*Granite*, 2d Monday after 4th Monday in July.

Elbert—*Middle Kiowa*, attached to Douglas.

Second District, Hon. A. W. Stone.

Jefferson—*Golden*, 1st Monday in April, 1st Monday in October.

Boulder—*Boulder*, 3d Monday in April, 3d Monday in January.

Gilpin—*Central*, 1st Monday in May, 1st Monday in November.

Clear Creek—*Georgetown*, 1st Monday in June, 1st Monday in December.

Larimer—*Fort Collins*, 2d Tuesday in July.

Grand—*Hot Sulphur Springs*, attached to Clear Creek.

Third District, Hon. Moses Hallett, C. J.

El Paso—*Col. Springs*, 3d Tuesday in April, 4th Tuesday in October.

Fremont—*Canon City*, 1st Tuesday in May, 2d Tuesday in November.

Bent—*West Las Animas*, 3d Tuesday in May, 4th Tuesday in November.

Pueblo—*Pueblo*, 1st Tuesday in June, 2d Tuesday in December.

Las Animas—*Trinidad*, 4th Tuesday in June, 1st Tuesday in January.

Huerfano—*Walsenburg*, 3d Tuesday in January.

Costilla—*San Luis*, 3d Monday in July.

Conejos—*Conejos*, 4th Monday in July.

Rio Grande—*Del Norte*, 1st Monday in August.

La Plata—*Silverton*, 4th Monday in August.

Saguache—*Saguache*, 3d Monday in September.

Hinsdale—*Lake City*, attached to Rio Grande.

Probate Court.—Arapahoe, six terms, 1st Monday in January, March, June, July, September and December; Boulder, El Paso and Larimer, six terms, 2d Monday in February, April, June, August, October and December; Gilpin, three terms, 1st Monday in February, June and December; Jefferson, four terms, 1st Monday in March, June, September and December; Rio Grande, Hinsdale and La Plata, twelve terms, 1st Monday in each month; Elbert and Grand are attached to other counties for "judicial purposes;" Hinsdale is attached to Rio Grande for like purposes, but Probate Courts are specially provided for. All counties, not otherwise mentioned, hold six terms, commencing on 1st Monday in February, April, June, August, October and December.

BUSINESS LAWS.

It is not legally necessary to say on a note "for value received."

A note on Sunday is void.

A note obtained by fraud, or from a person in a state of intoxication, cannot be collected.

If a note be lost or stolen, it does not release the maker; he must pay it if the consideration for which it was given and the amount can be proven.

An endorser of a note is exempt from liability if not served with notice of dishonor within twenty-four hours of its non-payment.

A note by a minor is void.

Notes bear interest only when so stated.

Principals are responsible for the acts of their agents.

Each individual in a partnership is responsible for the whole amount of the debts of the firm.

Ignorance of the law excuses no one.

It is a fraud to conceal a fraud.

The law compels no one to do impossibilities.

An agreement without consideration is void.

Signatures made with a lead pencil are good in law.

A receipt for money paid is not legally conclusive.

The acts of one partner bind all the others.

Contracts made on Sunday cannot be enforced.

A contract made with a minor is void.

A contract made with a lunatic is void.

ABSTRACT OF COLORADO BUSINESS LAWS.

Abstracts.—The legal fee for making abstracts is 50 cents each for first five conveyances, and 25 cents for each additional; for certificate under seal, 75 cents.

Acknowledgments.—Legal fee, 50 cents.

Assayers.—Act of February 10, 1874, established seven Territorial Assay Offices, viz.: Boulder, Central, Del Norte, Fairplay, Georgetown, Oro City and Rosita, and appropriated $500 per year to each.

Assays.—Fee for each assay of gold or other metal, $3.

Attorneys.—Any duly licensed attorney from any other state or territory, of good moral character, may be admitted to practice without examination.

Appeals.—An appeal lies from the judgment of a Justice to the Probate Court of Arapahoe and Jefferson counties, to the District Court in Gilpin county, and to either the Probate or District Courts in the other counties.

Attachment.—An attachment against goods or real estate may be had for debt of any sum where the debtor is a non-resident, or a foreign corporation; or, upon allegation of fraud. May issue on Sunday.

Assignment.—Where a Note is assigned it carries the security; where the security is assigned it is supposed to carry the Note; but ordinary caution will suggest that both be assigned and delivered at the same time.

Bill of Sale.—A Bill of Sale without possession is not good against creditors and third parties; where the goods are delivered before payment the vendor retains no lien for the purchase money unless he takes a Chattel Mortgage.

Chattel Mortgages—May not run for a period of over two years; must be foreclosed when time expires; can be acknowledged before any Justice of the Peace, or a Notary Public at the county seat; the stock of goods in a store cannot be mortgaged; it is doubtful whether a non-resident can give a valid Chattel Mortgage.

Conveyances.—On the Conveyance or Mortgage of the real estate of a married woman the husband need not join, unless the same is a homestead, and the wife does not join in the conveyance of land of the husband.

Days of Grace.—Three days are allowed on Bills and Notes, but not on "Drafts payable at sight" nor to Checks. Paper maturing on Sunday, Fourth of July, Christmas, or days of public thanksgiving or fasting, is due on the day previous.

Default.—Where a party is summoned and does not appear in court, in person or by his attorney, judgment may be rendered against him on the second day of the term, or after one hour's grace by a Justice of the Peace.

Dower.—No Dower in Colorado; in lieu thereof, husband and wife are heirs to each other to the extent of one-half the estate, real and personal, where there are children, and to the whole estate where it would otherwise descend to collateral relations.

Elections.—Board of Registry shall meet on Tuesday, three weeks before the day for the general election, and make out the registry list, and shall meet the Tuesday before election to revise and complete the list; and no person can vote who fails to register. Precincts that poll less than 150 votes are not obliged to make a registry. A person must reside in the territory six months, county thirty days, and precinct ten days.

Exemption Law—Relieves from execution or attachment to the head of a family residing with the same, family pictures, books, library, wearing apparel, beds, bedsteads and bedding, stoves and appendages; other household furniture to extent of $100; provisions and fuel for six months; tools and stock in trade to extent of $200; library of professional man to $300; working animals to $200; one cow, one calf and ten sheep, with food for six months; certain farming tools; but no property is exempt for purchase price.

Game Law—Forbids the snaring or killing of Quail, Prairie Chicken, except in September and October; Elk, Deer, Mountain Sheep and Antelope, from January 1st to August 1st; prohibits the wanton killing of Buffalo, Elk, Deer, Antelope, etc., at all times; and prohibits catching trout in any other way than by hook and line. Fines, $10 to $25.

Interest.—Ten per cent. is the rate presumed and allowed by law where there is no special contract; but by special contract, in writing, parties may agree upon and collect any rate specified, without limit. An account bears interest after presentation and demand of payment. A judgment bears ten per cent. interest from its date.

Judgment.—A Judgment becomes a Lien from the date of filing a Transcript in the office of the Recorder; but to preserve such Lien, Execution should issue within one year from date of judgment.

Liens.—All mechanics and parties who furnish material to the amount of $25 and upwards, may have Liens on the building, if filed in Recorder's office within 20 days; or, if contractor, within 40 days.

Limitations.—The Limitation of Bonds, Notes, Accounts, etc., is six years when the cause of action accrued within the Territory; three years on Bonds and Records of Court, and two years on Notes and Accounts, when the cause accrued without the Territory. The Limitation begins to run from the time the right of action began, and not from the date of the instrument.

Marriage License—Must be obtained from County Clerk.

Married Woman—May convey real and personal property, make contracts, debts, etc., in her own name, and is subject to legal proceedings, as if she were sole.

Possession.—Undisputed possession of lands, tenements, mining claims, for five years, and paying all taxes thereon, makes legal ownership.

Redemption.—The statutory time for redemption from tax sale is two years from date of sale, or any time before execution of the Tax Deed. Redemption money must include the amount bid at sale, fifty per cent. additional, and twenty-five per cent. annual interest; also all subsequent taxes paid by the purchaser, with twenty-five per cent. annual interest.

Sales.—After a Mortgage Sale the debtor has at least six months in which to redeem the property; but he has no such privilege after sale on a Deed of Trust.

Salting Ores.—Fine from $500 to $1,000, or penitentiary from one to fourteen years.

Stock.—Any one who shall willfully kill, run down, or drive from its usual range, any cattle, sheep or mule, or destroy or injure any herder's cabin, or molest or interfere with him in his business, shall be fined not less than amount of injury done, and be imprisoned from six months to two years.

Stock Laws.—Ownership by proof of Brand cannot be shown unless the Brand shall have been recorded. Railroads are subject to pay for stock killed, at a fixed valuation, to wit:

Texas Yearlings, $7.00; Texas, two-year old, $12.00; Texas Cows, three-year old and over, $16.00; American Yearlings, $12.00; American, two-year old, $22.00; American Cows, three-year old and over, $30.00; American Work Cattle, $37.50; American Sheep, $2.50; Mexican Sheep, $1.50.

Summons.—Summons must be served upon the defendant personally at least ten days before term, except where notice by publication is allowed. A Summons from a Justice of the Peace must be dated from five to fifteen days, and served at least three days before trial.

Tenants.—To change the terms of a monthly tenancy requires fifteen days notice in writing.

Wills.—When a man dies without will, one-half the property goes to his wife and balance to children; if no children, all to wife; if no widow, all to children.

WEIGHTS AND MEASURES.

The standard weight of a bushel is:

Barley	48 lbs.
Beans	60 "
Blue Grass Seed	14 "
Buckwheat	52 "
Clover Seed	60 "
Coal	80 "
Corn in the Ear	70 "
Corn, Shelled	56 "
Corn Meal	50 "
Hemp Seed	44 lbs.
Lime	80 "
Oats	32 "
Onions	57 "
Potatoes	60 "
Rye	56 "
Salt	80 "
Timothy Seed	45 "
Wheat	60 "

Brick Masonry, Etc.—A perch of stone in mason work is 16½ cubic feet. Brick work measure, when laid up in wall, shall be counted 22 brick per cubic foot for foot wall, and 15 brick for what is known as 8-inch wall; a common brick to be 9 inches long, 4½ inches wide, and 2½ inches thick.

Water.—Water sold by the inch, by any individual or corporation, shall be measured as follows, to wit: Every inch shall be considered equal to an inch square orifice under a 5-inch pressure, and a 5-inch pressure shall be from the top of the orifice of the box, put into the banks of ditch, to the surface of water, said boxes, or any dot or aperture through which such water may be measured, shall in all cases be 6 inches perpendicular, inside measurement, except boxes delivering less than 12 inches, which may be square, with or without slides; all slides for the same shall move horizontally and not otherwise; and said box put into the banks of ditch shall have a descending grade from the water in ditch of not less than one-eighth of an inch to the foot.

POPULATION.

The following table shows the population of Colorado and the gain in 10 years:

NAME OF COUNTY.	Populati'n 1865.	Populati'n 1875.
Arapahoe	4,145	30,000
Bent	New	5,000
Boulder	1,456	7,200
Clear Creek	1,500	6,500
Conejos	2,269	6,000
Costilla	2,192	3,500
Douglas	542	3,700
Elbert	New	1,800
El Paso	565	5,500
Fremont	508	4,500
Gilpin	6,847	8,000
Grand	New	200
Hindsdale	New	500
Huerfano	1,000	4,500
Jefferson	1,782	8,500
Lake	500	800
Larimer	600	4,500
La Plata	New	650
Las Animas	935	8,500
Park	552	2,800
Pueblo	890	9,500
Rio Grande	New	3,000
Saguache	New	4,200
Summit	456	950
Weld	1,192	5,000
Total	27,931	135,300

The estimate for 1875 is considered by some good judges to be much too low, who place the population at from 175,000 to 200,000. This is almost entirely the growth of five years, the census of 1870 placing the population at 39,681.

RAILROADS.

Arkansas Valley.—Branch of the Kansas Pacific, extends from Kit Carson to Las Animas, 56 miles; extension from West Las Animas to Timpas Creek, 20 miles. Officers: O. S. Lyford, General Superintendent, Kansas City; C. W. Fisher, Superintendent, Denver.

Atchison, Topeka & Santa Fe.—Through line from Kansas City and Atchison. In operation within Colorado from Sargent to Las Animas, 55 miles; under construction from Las Animas to Pueblo, 84 miles. Officers: C. F. Morse, General Superintendent; W. F. White, General Ticket Agent; T. J. Anderson, General Passenger Agent, Topeka, Kas.

Colorado Central.—Operated by Kansas Pacific. Denver Division, Denver to Golden, 15 miles; Mountain Division, (narrow gauge,) Golden to Black Hawk, 21 miles; Georgetown Branch, Fork's Creek to Floyd Hill, 4 miles; Julesburg Branch, Golden Junction to Longmont, 39 miles. Officers: Robert E. Carr, General Manager, Kansas City.

Denver Pacific.—Operated by Kansas Pacific. Extends from Denver to Cheyenne, 106 miles. Officers: O. S. Lyford, General Superintendent, and Beverley R. Keim, General Passenger Agent, Kansas City; C. W. Fisher, Superintendent, Denver.

Denver & Boulder Valley.—Branch of Denver Pacific, Hughes to Boulder, 27 miles, operated by Kansas Pacific. Officers: C. W. Fisher, Superintendent.

Denver & Rio Grande.—Narrow Gauge, Denver to Canon City, 160 miles. Officers: General W. J. Palmer, President, Philadelphia; Wm. S. Jackson, Vice President and Treasurer, Colorado Springs; W. W. Borst, Superintendent, Denver; D. C. Dodge, General Ticket and Freight Agent, Denver; Wm. Wagner, Auditor, Colorado Springs.

Denver, South Park & Pacific.—First Division, Denver to Morrison, 14 miles, in operation. Officers: John Evans, President; W. S. Cheesman, Vice President; Ben. M. Gilman, Superintendent; A. S. Hughes, General Freight and Ticket Agent, all of Denver.

Kansas Pacific.—Denver Division, in operation within Colorado, from Denver to Eagle Tail, 210 miles. Robert E. Carr, President; O. S. Lyford, General Superintendent; T. F. Oakes, General Freight Agent; Beverley R. Keim, General Passenger Agent, Kansas City; C. W. Fisher, Division Superintendent, and J. H. Jones, General Agent, Denver; S. R. Ainslie, Agent, Denver.

EXPRESS COMPANIES.

Adams Express Company.—Supplies all points on the line of the Atchison, Topeka & Santa Fe Railroad, and in connection with Long's Express to Pueblo.

Barlow, Sanderson & Co.'s Stage and Express Company.—Supplies all points south of Canon City, Pueblo and West Las Animas.

Denver & Rio Grande Express Company.—Supplies all points on the line of the Denver & Rio Grande Railroad; and connections for South Park, Hardscrabble and San Juan regions.

Denver & South Park Stage and Express Company.—Supplies all points along the line between Denver and Alma, and connections for Park, Lake and Summit counties.

Kansas Pacific Express Company.—Supplies all points on the Kansas Pacific, Arkansas Valley, Denver & Boulder Valley and Colorado Central Railroads.

TELEGRAPH COMPANIES.

Atlantic & Pacific.—E. D. Bouton, Manager for Colorado, Denver; has offices at Denver, Longmont, St. Louis, Fort Collins and Morrison.

Cheyenne, Boulder & Denver.—C. F. Annett, President, Cheyenne; R. D. Hager, Secretary, Denver. E. D. Bouton, Manager, Denver. Offices: Alma, Denver, Fairplay, Grant, Hutchinson and Morrison.

Rocky Mountain.—J. H. Pickel, President, Nederland; W. H. Bush, Secretary, Central City; P. Mixsell, Superintendent, Central City. Offices: Boulder, Caribou, Central City, Denver, Georgetown, Gold Hill, Longmont, Nederland, Salina, Silver Plume, Sunshine.

Western Union.—S. T. Armstrong, Manager for Colorado, Denver. Offices: Alma, Black Hawk, Boulder, Canon City, Central City, Colorado Springs, Davidson, Denver, Empire, Erie, Evans, Fairplay, Fort Collins, Fort Lyon, Georgetown, Golden, Gold Hill, Granada, Grant, Greeley, Hughes, Hugo, Idaho, Julesburg, Kiowa, Kit Carson, Larkspur, Las Animas, Littleton, Longmont, Manitou, Morrison, Nederland, Nevada, Pike's Peak, Pueblo, South Pueblo, Trinidad, West Las Animas.

INDUSTRIES.

The chief products of Colorado are gold and silver, coal, lumber, wool, cattle and farm supplies.

Considering these under the three principal heads; as Mining, Farming and Manufactures, their growth may be seen as follows:

MINING.

This table will show the value of the *gold* and *silver* product, and its increase, for each year from 1872:

Counties.	Yield 1872.	Yield 1873.	Yield 1874.	Yield 1875.
Clear Creek	$1,250,000	$1,223,760	$2,203,947	$2,500,000
Gilpin	1,500,000	1,440,240	1,631,863	2,000,000
Park	100,000	459,000	596,392	420,000
Boulder		390,000	539,870	1,000,000
Lake		225,000	223,503	200,000
Summit	150,000	111,000	126,188	125,000
Fremont		10,000	20,000	250,000
San Juan Region		5,000	20,620	525,000
Total	$3,000,000	$3,864,000	$5,362,383	$7,020,000

The total gold and silver product in 1867 was estimated at $1,500,000; in 1868, $2,000,000; in 1869, $2,950,000; in 1870, $2,775,000; in 1871, $3,250,000. Value of reduction, smelting and separating works, $3,800,000; value of mining machinery imported in 1875, $775,000.

The principal *coal mines* are in Boulder, Jefferson and Weld counties, north, and Fremont, Las Animas and Conejos counties, south of the Divide. The most extensive measures are in Boulder county. The coal of Colorado can be divided into three classes: First class—Anthracites of Gunnison river and branches—non-coking—contains 1.50 per cent. water, 91 per cent. carbon. Second class—Coking coals, Trinidad, 8.84 per cent. water, 57 to 64 per cent. carbon. White river coal contains 85 per cent. carbon, 4 per cent. water. Third class—Non-coking. Murphy, Marshall, Golden and Baker coal contain, on an average, 13 per cent. water, 31 per cent. volatile matter, 52.20 per cent. carbon.

Eighteen coal mines, extending from Canon City to the St. Vrain river, produced from January 1, 1864, to October 1, 1875, 511,154 tons, valued at $2,044,610. The value of the entire product of the territory in 1870 was estimated at $375,000; in 1873, according to Governor's message, $1,000,000. The yield for 1875 must have reached $1,500,000.

MANUFACTURES.

The principal manufactured products are lumber, brick, flour, etc. The value of these various manufactures, including woolen mills, paper mills, planing mills, sash and door factories, car factories, native jewelry, flour, soap, etc. for the year 1875, was about $2,500,000.

FARMING AND LIVE STOCK.

The assessment and other returns afford the following facts:

YEAR.	Value of Farm Prod'ts	Value of Cattle.	Value of Sheep.
1870	$2,835,106	$1,845,000	$100,000
1871	3,500,000	1,763,000	130,000
1872	4,220,000	2,125,000	256,000
1873	4,295,000	4,295,163	493,000
1874	2,985,000	4,443,000	525,000
1875	3,380,000	4,685,000	750,000

NEWSPAPERS IN COLORADO.

The following is a list of all the publications, daily, weekly, monthly and annual, in Colorado:

COUNTY OFFICERS.

The following officers (except such as held over) were chosen at the general election, September 14, 1875, and are elected for two years:

(Republican, R; Democrat, D; Independent, I.)

ARAPAHOE COUNTY.

Probate Judge—Amos Steck, R, Denver.
Clerk and Recorder—W. C. Lothrop, R, Denver.
Treasurer—J. M. Strickler, D, Denver.
Sheriff—D. J. Cook, R, Denver.
Assessor—Geo. C. Roberts, R, Denver.
Coroner—Dr. Chas. Denison, R, Denver.
School Superintendent—W. A. Donaldson, R, Denver.
Surveyor—E. H. Kellogg, R, Denver.
Commissioners—F. B. Crocker, R, Denver, Chairman; A. M. Stanbury, R, Denver: Jos. M. Brown, R, Lower Platte; I. H. Batchelor, R, Upper Platte; A. J. Williams, D, H. D. Steele, R, Denver.
Justices of the Peace—O. A. Whittemore, R, Denver; Daniel Sayer, D, Denver.
Constables—George Duggan, R, I. N. Campbell, D, Denver.

BENT COUNTY.

Probate Judge—Geo. R. Sanford, R, West Las Animas.
Clerk and Recorder—R. Simpson, R, West Las Animas.
Treasurer—Mark B. Price, R, West Las Animas.
Sheriff—Charles H. Rawles, R, West Las Animas.
Assessor—Luke Cahill, R, Las Animas.
Surveyor—George H. Hill, R, Las Animas.
Coroner—Ray B. Reedy, R, West Las Animas.
School Superintendent—John Spiers, R, West Las Animas.
Commissioners—Theo. Gaussion, West Las Animas; Hiram S. Holly, Granada; Geo. T. Reynolds, Rocky Ford.

BOULDER COUNTY.

Probate Judge—John R. Owen, D, Boulder City.
Clerk and Recorder—Thomas Danford, R, Boulder City.
Treasurer—A. R. Stewart, D, Middle Boulder.
Sheriff—C. N. Hockaday, D, Middle Boulder.
Assessor—W. H. Laws, R, Pella.
Coroner—J. H. Owings, D, Sunshine.
School Superintendent.—J. B. Groesbeck, D, Boulder.
Surveyor—J. S. Titcomb, R, Boulder.
Commissioners—A. P. Allen, R, Valmont, Chairman; W. T. Shortridge, D, Sunshine; J. C. Hummel, D, Longmont.

CLEAR CREEK COUNTY.

Probate Judge—Frank A. Pope, D, Georgetown.
Clerk and Recorder—Americus Medley, D, Georgetown.
Treasurer—John R. Hambel, R, Georgetown.

Sheriff—John C. Easley, D, Georgetown.

Assessor—Thos. Woodward, D, Georgetown.

Coroner—J. Van DeVoort, D,

School Superintendent—P. E. Morehouse, R.

Surveyor—F. F. Brune, D.

Commissioners—Dennis Faivre D, Idaho, Geo. Teal, Brownsville, R; William Allen, D, Georgetown.

CONEJOS COUNTY.

Probate Judge—J. M. Archuleta, R, Guadalupe.

Clerk and Recorder—J. B. Romero, R, Guadalupe.

Treasurer—Juan De J. Gallejos, R, Guadalupe.

Sheriff—Zenon Sandoval, R, Guadalupe.

Assessor—Damian Duran, R, Guadalupe.

Coroner—Abram Romero.

School Superintendent—Juan F. Ruyval, R, Guadalupe.

Surveyor—Vacant.

Commissioners—Juan B. Lobato, R, J. I. Romero, B. Lopez; all Guadalupe.

COSTILLA COUNTY.

Probate Judge—A. A. Salazar, R, San Luis.

Clerk and Recorder—Wm. H. Meyer, R, San Luis.

Treasurer—Benito Sanchez, San Luis.

Sheriff—Thos. T. Bartlett, R, San Luis.

Assessor—Ramon Trujillo, San Luis.

Coroner—Jos. Kugler, San Luis.

School Superintendent—Alcario Salazar, San Luis.

Surveyor—H. E. Easterday, San Luis.

Commissioners—Antonio Manzanares, Francisco Valdez, Juan Ygn Jacquez—all San Luis.

DOUGLAS COUNTY.

Probate Judge—Robert R. Foster, R, Castle Rock.

County Clerk—S. M. Dyer, R, Castle Rock.

Treasurer—W. H. Howerton, D

Sheriff—Adam Smith, D.

Assessor—Jacob Schutz, R.

Surveyor—John W. Irion, R, Spring Valley.

Coroner—Dr. W. J. Alexander, R.

School Superintendent—C. E. Parkinson, D.

Commissioners—George Ratcliff, R, Bear Canon; G. C. Pratt, R, Spring Valley, and W. W. Cantril, R.

ELBERT COUNTY.

Probate Judge—Geo. Fahrian, R, Middle Kiowa.

County Clerk—E. P. Clark, R, Middle Kiowa.

Treasurer—Ed. Rundell, R, Middle Kiowa.

Sheriff—John H. Lundy, R, Comanche.

Assessor—Julius A. Hooker, R

Surveyor—Joseph Huber, R, Middle Kiowa.

Coroner—Joseph Albus, R.

School Superintendent—Chas. S. Dewey, R.

Commissioners—William Orsburn, Running Creek, R; Wm. H. H. Cranmer, R, River Bend; B. L. Stotts, R.

EL PASO COUNTY.

Probate Judge—E. T. Stone, D Colorado Springs.

Clerk and Recorder—Irving Howbert, R Colorado Springs

Treasurer—B. F. Crowell, R, Colorado Springs.
Sheriff—Peter Becker, D, Colorado Springs.
Assessor—E. J. Eaton, R, Colorado Springs.
Coroner—Dr. R. T. Taylor, R, Colorado Springs.
School Superintendent—Dr. B. P. Anderson, D, Colorado Springs.
Surveyor—Thos. L. Darby, R, Colorado Springs.
Commissioners—J. C. Woodbury, El Paso; Matt. France, Colorado Springs; C. R. Husted, R, Southwater.

FREMONT COUNTY.

Probate Judge—Sam'l P. Dale, I, Canon City.
Clerk and Recorder—John Wilson, R, Canon City.
Treasurer—Thomas H. Craven, D, Canon City.
Sheriff—Frank H. Bengley, R, Canon City.
Assessor—Jonas C. Baer, D, Canon City.
Coroner—James J. Minor, D, Currant Creek.
School Superintendent—J. M. Hoge, D, Canon City.
Surveyor—Albert W. Puett, D,
Commissioners—William Shepard, R, Chairman, Canon City; E. E. Utley, R; V. B. Hoyt, R, Rosita.

GILPIN COUNTY.

Probate Judge—H. B. Morse, D, Central City.
Clerk and Recorder—J. W. Bostwick, D, Central City.
Treasurer—J. H. Hense, D, Central City.
Sheriff—W. J. Buffington, D, Central City.
Assessor—Sam'l I. Lorah, D, Central City.
Coroner—Dr. R. G. Addudedll, D, Central City.
School Superintendent—Dr. W. Edmundson, I, Central City.
Surveyor—Hal. Sayr, R, Central City.
Commissioners—Job V. Kimber, D, Black Hawk; James Clark, R, Nevada; Foster Nichols, D, Central.

GRAND COUNTY.

Probate Judge—David Young, Hot Sulphur Springs.
Clerk and Recorder—C. H. Hook, Hot Sulphur Springs.
Treasurer—Wm. N. Brown, D, Hot Sulphur Springs.
Sheriff—John Baker, Hot Sulphur Springs.
Assessor—Charles W. Fuller, R, Hot Sulphur Springs.
Coroner—Isaac Burton, D, Hot Sulphur Springs.
School Superintendent—W. S. Chamberlain, D, Hot Sulphur Springs.
Surveyor—F. A. Ingersoll, Hot Sulphur Springs.
Commissioners—Wm. H. Ganson, Henry McMullen, Monroe C. Wythe, D, Hot Sulphur Springs.

HINSDALE COUNTY.

Probate Judge—W. H. Green, R, Lake City.
Clerk and Recorder—A. O. Mesler, Lake City.
Treasurer—B. L. Jones, Lake City.
Sheriff—Jas. M. Swinney, San Juan City.
Assessor—W. T. Ring, San Juan City.
Coroner—J. J. Barrett.
School Superintendent—H. Wilcox, San Juan City.
Surveyor—J. W. Abbott, San Juan City.

Commissioners—H. Franklin, W. Bryan, B. A. Taft, H. E. Turner.

HUERFANO COUNTY.

Probate Judge—Chas. D. Hayt, R, Cucharas.
Clerk and Recorder—Chas. O. Unfug, D, Walsenburg.
Treasurer—Benton Canon, D, Walsenburg.
Sheriff—Jose Dolores Esquibel, D, Walsenburg.
Assessor—Manuel Pino, R, Gardner.
Coroner—Dr. Robert Rothe, D.

BLACK HAWK.

Terminus of the Mountain Division of the Colorado Central Railroad. Western Union Telegraph and Rocky Mountain Telegraph. Daily mails and express. Stages to Central. Vote at September election, 1875: Republicans, 151; Democrats, 120. Population, about 1,500. Principal industry: gold mining, milling and reducing ores. Principal gold mines and tunnels: Bobtail, Fisk, Gregory, Briggs, Bates-Hunter, Leavitt, Winnebago, Gunnell and Union Pacific Railroad. Total yield since 1859, over $6,000,000. Fully one-half of the ore of Gilpin county is treated in the stamp mills in Black Hawk, of which there are twenty-three, containing over 500 stamps. The Boston and Colorado Smelting Works (capital $500,000) and Peters & Collom's Concentration Works are located here. Black Hawk has a good system of water works for fire protection and domestic use. There are two churches, Presbyterian and Methodist, and a good public school, the building for the latter costing $14,000.

EDITORIAL NOTES.

Among the varied industries of Black Hawk we would call attention to the boiler works of George Stroehle, which have attained considerable importance. Mr. Stroehle is an excellent machinist, well qualified in all branches of his business, and is receiving what he fully deserves—liberal patronage. Those who need anything in his line are advised to give him a call, see what he can do, and get his terms. He makes boilers, does repairing and all kinds of sheet-iron work; makes the best and most secure buckets for mining shafts; is rapidly increasing and extending his business all over Colorado, and receiving orders from all the various mining sections. He is fully prepared to fill large or small orders at shortest notice. The mining community can send to Mr. Stroehle for anything in iron work, and will surely be suited. See his advertisement.

BOULDER.

County seat of Boulder county. Station on the Colorado Central Railroad, and terminus of the Denver & Boulder Valley Railroad. Western Union and Atlantic & Pacific Telegraph. Money order, telegraph and post-office. Daily mail and express. Daily stage lines to Nederland, Caribou, Central City, Sunshine and Gold Hill. Population, 2,000. Vote at September election, 1875: Republicans, 228; Democrats, 166. The first settlement of the Boulder Valley was made in the fall of 1858, and the town of Boulder, near the mouth of the mountain canon, laid off the following spring. The growth of the town was slow until within the last few years, the improvements of 1875 being much more than in any former year. Additions have been platted and recorded on lands all around the original site, until the town is a mile and a-half or more in length by about a mile in width. A very rich country lies on every side. Within a radius of fifteen miles are the fertile agricultural valleys of the North and South Boulder, Left Hand and St. Vrain Creeks; the great Erie coal mines, yielding $200,000 a year; the Davidson, Marshall, Allen, Wilson and Barber banks; the Belmont iron region; the celebrated Sunshine, Gold Hill, Sugar Loaf, Bald Mountain, Pennsylvania, Peewink, Caribou, Snowy Range, Ward, Gold Lake, Utilla, Four-Mile, Silver City and Jamestown gold and silver mining districts; iron, mica, gypsum, building stone and clay; abundant timber and unexcelled water power. All these are utilized and made tributary to Boulder by a system of good mountain roads, built by the enterprise of her citizens at great expense.

The famous volcanic dike near at hand, while exciting the study of naturalists, awakens the admiration of sight-seers, as from its summit the view in every direction is truly grand. Prof. Hayden declares that nowhere in Colorado can be gathered within a single scope of the vision so abundant and so great a variety of the resources of Colorado. The railroads are in operation here, and the broad valley from the mountains down for thirty miles or more is covered with fields of grain and other products of the farm. On the south side, in the high hills, numerous openings for coal may be seen, and between Boulder Valley and Clear Creek the bulk of the coal of Colorado exists. The valley near the base of the mountains is full fifteen miles in width, but gradually narrows as the long benches that extend down on either side approach each other, and the little branches all unite in one stream.

WILLAMETTE ARNETT,

LIVERY.

The best Livery Stock in the City always on hand.

TOURISTS AND CAMPING PARTIES OUTFITTED ON SHORT NOTICE.

A No. 1 Guide furnished for Tourists in any direction. Also good, careful Drivers furnished. No pains spared in outfitting.

☞ This stable is connected with the Sherman House, Boulder House, Colorado House, and all other first-class houses in the city.

The educational advantages of Boulder are superior to those of most towns of its size. A $15,000 public school building, handsomely furnished, is one of the chief attractions of the place. There are also good private schools. The State University has been located here, and is in process of construction. The last Legislature appropriated $15,000 for the buildings, and the citizens of Boulder raised $15,000 more. Fifty-four acres of ground, on a beautiful terrace south of the town, commanding a magnificent view of the plains and Snowy Range, are set apart as the site. These grounds will be artistically laid out, and surrounded with a boulevard eighty feet wide. Church facilities are good, the Baptist, Congregational, Episcopal, Methodist and Presbyterian societies having places of worship.

Two well-conducted newspapers, the Boulder County *News* and Colorado *Banner*, which are published here, are doing much to forward the material interests of the place, being at all times a good index of the business enterprise, intelligence and public spirit which has made Boulder one of the live towns of Colorado.

During the past year the trade of Boulder has largely increased, many new business houses have been established, and over one hundred good, substantial buildings erected, some of them costly and metropolitan in character. A good system of water works is in operation; the fire companies afford ample protection to property; a street railway will soon be in operation through the main street to the Colorado Central depot. All the wants of a live and enterprising community are rapidly supplied.

Taking the vote of September last as a basis, Boulder ranks as the fifth place, in point of population, in Colorado—Denver, Georgetown, Central City, Colorado Springs and Pueblo only surpassing her. In ratio of increase, in both population and trade, the past year, she excels all but Georgetown. Boulder has rapidly enlarged her trade; and not only do the mining camps and districts look to this point as their supply depot, but so do also the thriving towns of Sunshine, Caribou, Nederland, Longmont, Valmont, Erie, and all the scope of country thickly settled by farmer and miner for twenty miles around.

There is much in Boulder and surroundings to tempt the tourist, invalid and capitalist. The Boulder Canon combines many of the attractions which separately render other canons so famous, and the traveler's note-book and the artist's port-folio will not be complete unless its wonderful magnificence is described and sketched. The invalid will find here invigorating air, and the best of hotels and physicians; the lover of sport

BOULDER HOUSE

BOULDER, COL.

T. C. BRAINARD, - - PROPRIETOR.

This House is situated at the mouth of the celebrated Boulder Canyon, ten miles from the Falls, and in the midst of some of the

FINEST SCENERY IN COLORADO.

The House is supplied with pure, soft spring water, and every comfort is offered to guests.

LIVERY IN CONNECTION WITH THE HOUSE.

The House has been completely refurnished, and been extended by the addition of forty rooms, in a new brick house, with everything new and in complete order for the comfort of guests.

Office of the Salina, Gold Hill, Caribou, Middle Boulder, Black Hawk, Central and Sunshine daily Stage Lines.

will find the mountain region and the streams abounding with game and fish; and the capitalist will find paying investments in farming, city and mining property. There are ample hotel accommodations. There is no inn anywhere in northern Colorado better than the Boulder House.

Distances: Boulder to Denver, by stage, 28 miles—by railroad, 44 miles; to Golden, 24; to Erie, 12; to Longmont, 15; to Caribou, 20; to Cutter's Reduction Works (Nederland), 16; to Central City, 30; to Georgetown, 42; to Julesburg, 180; to Ward, 17; to Peabody Springs, 10; to Gold Hill, 9; to Sunshine, 5; to Salina, 6.

EDITORIAL NOTES.

BANKING.—Among the sound and thoroughly enterprising banking houses in Colorado, none enjoys a higher reputation than that of the Buckingham Brothers, at Boulder. They came to this territory with abundant capital and a long experience in financial affairs, and since settling here have been the originators and successful backers of a large number of public and private enterprises. Boulder and the surrounding country owe much to the liberal policy of these gentlemen, and the large business which they have built up is but the natural result of the enlightened and prudent course which they have at all times pursued. Their banking house, which was built and fitted up expressly for their business, is a handsome structure, arranged and furnished neatly, and with every convenience. This was one of the first of the several costly buildings which have been erected here during the past three years; and at that time, when business was somewhat depressed and the outlook uncertain, it showed their faith in the future of this thriving town, and their disposition, in all things looking to the prosperity of Boulder, to "lead the way."

REAL ESTATE, LOAN, MINING AND INSURANCE AGENCY.—One of the handsomest and pleasantest offices in Colorado devoted to the above business is that of John A. Ellet, at Boulder. It is in his own elegant brick block, opposite the Boulder House, and all its appointments are evidences of the progressive character of the business men of the Far West. Mr. Ellet has for sale improved and unimproved town property, first-class grain and stock farms, coal, timber and precious mineral lands, as well as mines of gold and silver in all stages of development. He is also agent for the sale of the Denver Pacific Railway lands, and represents the very best class of insurance companies. He makes investments an

BOULDER, COL.

Best Advertising Medium in Northern Colorado. Filled with original matter of Local, Mining and Agricultural interest.

TERMS, $2.50 PER YEAR IN ADVANCE.

loans money for non-residents, and assumes the care of their property in their absence. That all trusts are faithfully discharged by him, the large business he is doing is one proof, and the excellent references he gives is another. See his advertisement.

Hotel.—The Boulder House, for years *the* hotel, and always enjoying a large patronage, has during the past two years, under the direction of T. C. Brainard, Esq., been more than ever the popular resort for travelers in this part of the country. Everything about the house has the air of neatness and comfort. The sleeping-rooms are well furnished, and the tables supplied with the very best. Mr. Brainard evidently knows "how to run a hotel" in the interests of his guests as well as to his own profit. All the stages start from this house. Commercial travelers will find an elegant parlor fitted for their special use, where they can chat, smoke, be at ease, and show their goods.

Groceries—A. L. Ellis, Esq., one of the successful grocery merchants of Boulder, has shown by his big trade what energy, tact and business qualities combined can accomplish The building he now occupies was built under his own direction and supervision, containing the most complete cellar, refrigerators, etc., for keeping everything pure, cold and sweet. His wholesale and retail business are both largely increasing.

Livery.—Mr. Willamette Arnett has one of the largest and best arranged livery stables in Boulder, built under his own supervision. Everything is as complete from granary to box-stall as long experience could devise. He has constantly on hand from thirty to forty head of No 1 horses, and every description of livery that tourists or pleasure seekers could desire. A novel and important feature of his arrangements is having a competent guide to go with and show parties all the surrounding curiosities and beauties of the country.

Furniture.—Families proposing to settle in Boulder or vicinity are requested to notice advertisement of Mr. E. H. Andrews, of this place. His extensive warerooms can furnish everything in the furniture line, from the plainest and cheapest to the most elegant and costly sets Every description of furniture can be bought from him at eastern prices, freight added There is no need of going to Denver for your goods in the house-furnishing line, so far as furniture, mirrors, wall paper, window shades, etc., are concerned. Mr. Andrews keeps a large stock of

NEW BRICK HOTEL; NEWLY FURNISHED. ACCOMMODATIONS FIRST-CLASS.

to Rosita and Hardscrabble; to Fairplay and South Park; to Ula and Wet Mountain Valley. Population, 1,000. Vote at September election, 1875—Republican, 81; Democratic, 204.

Coal, iron, copper and petroleum are found in the vicinity of Canon City. The coal mines of the Colorado Central Improvement Company, nine miles distant, yield 200 tons per day. The Ohio & Colorado Co.'s mines, operated by Gaff, Bailey, Rockafellow & Co., show veins four to seven feet thick. There are extensive silver and copper deposits in the Greenhorn Mountains, and along the Wet Mountain Range. The Hardscrabble silver mines are tributary to this point. With coal, iron, copper and silver in abundance, it is probable that smelting and reduction works will soon be erected here, utilizing not only the rich material resources immediately at hand, but making the Rosita, San Juan and South Park silver mines largely tributary to Canon City. The Colorado Central Improvement Company contemplate the erection of blast-furnaces and a rolling-mill at this place at no distant day. Negotiations are now pending between several prominent citizens and an Eastern gentleman of ample means, for the erection of smelting works.

Canon City promises to become an important manufacturing center. There is abundant water power. The Arkansas falls thirty-five feet to the mile for two miles in front of Canon City, while Grape Creek has a good supply of water, with seventy feet fall to the mile. This affords unexcelled sites for mills, factories and tanneries. Good wagon roads lead into the Rosita and Hardscrabble mining region; to Wet Mountain Valley, and to

THE CHICAGO & ALTON SHORT LINE,

Via Louisiana, Mo.,

Is One Hour the Quickest from DENVER and Kansas City to Chicago, and Three Hours the Quickest from Chicago to Kansas City and DENVER, and One Hour the Quickest Route between Chicago and St. Louis.

Saguache, Del Norte and the San Juan mines. Daily stages leave for these points. The town has voted $25,000 to build the Canon City & Arkansas Valley Toll-road to Lake county and the Gunnison river region, which will control the trade in that direction.

The banking house of Raynolds, Lamborn & Co., under the title of Fremont County Bank, has done much to advance the material interests of the town, by a liberal yet prudent course, and there is hardly a public enterprise that it did not either originate or largely assist. The old-established Canon City *Times*, and the more recent accession—the *Avalanche*, do much to forward the business, political, social and other interests of the town. Great interest is taken in educational affairs. A public school-house, costing $6,000, and a fine Episcopal Seminary, to cost $15,000, are being built. There are three church edifices: Methodist Episcopal, Baptist and Cumberland Presbyterian; the Protestant Episcopal are building a church and high school; there is also a Presbyterian (Regular) and Methodist Episcopal South organization. The McClure House, Mrs. M. M. Sheetz, proprietor, is the leading hotel, and one of the best in Colorado. The building is new, large and handsomely furnished, and the tables always well provided

Distances: To Fairplay, 75 miles; Granite and Oro City, 100; South Arkansas, 70; Saguache, via Poncha Pass, 110; Del Norte, via Poncha Pass, 143; Pueblo, 45; Colorado Springs, 50; Denver, 130; Rosita, via Oak Creek, 28; Iron Mines, 5 to 12; Coal Mines, 3 to 15; Marble Caves, 12; Iron Rock Spring, 3½; Hot Springs, 1; Soda Springs, ½; Main Canon of the Arkansas river, 5 to 10; Lincoln Park, 2.

CARIBOU.

Mining town in Boulder county; daily mails and express; money order post-office; daily stages to Central, Nederland and Boulder; Rocky Mountain Telegraph Line. Population, 700. Vote, September, 1875: Republican, 144; Democratic, 105. It is the center of the Grand Island silver district, and is situated on Conger Mountain, in Boulder county. The principal lodes are the Caribou, No-Name, Sherman, Poorman, Idaho, Virginia, Grand View, Morning Star, Wabash, Arapahoe, Homestake, Ten-Forty, Great Republic, Seven-Thirty, Norwood. These mines are producing $50,000 per month. The principal tunnels are the Caribou, Idaho, Air Line, Summit, Two-Seventeen and Red Cross. The ores of this district go chiefly to the Caribou Mill, at Nederland, L. M. Bates & Co.'s, and the Santa La Saria Mills.

The principal mining companies are the Nederland Mining Company, No-Name Mining Company, Sherman Mining Company, Idaho Mining Company, Native Silver Mining Company, Columbia Mining Company, Grant County Mining Company, Wide-Awake Mining Company. The mining companies of Caribou pay out $25,000 per month, and furnish work for 400 miners. Distances: to Boulder, 22 miles; Central, 20; Hot Springs of Middle Park, 60; Denver, 50.

TRANSACT A GENERAL BANKING BUSINESS

CENTRAL CITY.

County seat of Gilpin county, and principal gold mining center. Daily mails and express Western Union and Rocky Mountain Telegraph Lines Daily stages to Georgetown, Idaho Springs, Nevada, Nederland, Caribou and Boulder. Population, 3,000 Vote, September election, 1875: Republicans, 337; Demo- 59

Central City was one of the first permanent mining settlements in Colorado, begun in 1859 by Green Russell, Gregory and other prospecting pioneers, who laid the foundations of several mining camps, which, spreading rapidly up and down the gulches, soon formed a continuous settlement, and was called Mountain City. From this beginning has grown the enterprising Central City of to-day There are about one hundred business houses; these occupy compactly both sides of Main street, and the adjacent portions of Eureka, Lawrence, Gregory, Spring and Nevada streets. Eighty new buildings, valued at $125,000, were erected in 1875. Among the new brick blocks are Mellor & McFarlan's, costing $17,000; and that of J. H Hense, $6,000.

Many of the business houses here trade with all the surrounding mining camps, extending as far as Nederland and Caribou. In groceries, drugs and chemicals, furniture, miners' tools and clothing, this trade is especially large and rapidly growing.

Its location in the center of the Gilpin county mining district, and midway between the great milling and mining cities of Black

Lawrence Street, - - - *CENTRAL CITY, COL.*

Hawk and Nevada, makes it the natural trading point for most of the miners and mill-men in the mountains; hence its importance in a business point of view Connection by good roads to the Clear Creek and Boulder county regions.

Central City is flanked on the east by Black Hawk, with a population of 1,500, and westerly by Nevada, having about 1,000 people; the three places forming a continuous settlement over three miles in length, with numerous arms reaching up the tributary gulches The surrounding hills are literally honeycombed with mines, the annual product of which exceeds $2,500,000.

The great project known as the Sierra Madre tunnel through the mountains into Middle Park, cutting all the principal mineral-bearing lodes in the county, is under consideration by English capitalists. A part of the plan is to make this a railway tunnel, which will, in the distance traversed between New York and San Francisco, save over two hundred miles.

The mines in and around Central most extensively worked at present are: the Bobtail, employing over one hundred men, and turning out from $20,000 to $25,000 a month; the Gunnell, working eighty men, with a monthly yield of $15,000; the Briggs Bros , 1,000 feet on Gregory and Briggs lodes, with fifty men, and yield of $15,000; and Wells and others on same veins, with fifty men, and yield of $10,000 per month; and the U P. R. R., Mountain City, Tierney, Gregory Second, Fiske, German, Kansas and Burroughs - the two latter producing $15,000 per month. The old Gunnell lode, once superintended by Fitz John Porter,

Cor. Gregory and Spring Streets, CENTRAL CITY, COL.

produced from 1860 to 1873 over $2,800,000 in gold. There are twenty-two stamp mills, with five hundred and sixty stamps in operation, in Gilpin county, and they turned out gold to the amount of $1,082,546.90 during 1875. The Quartz Hill Tunnel, now in nine hundred feet, will cut the Mammoth, Rhoderick Dhu and Illinois lodes at a depth of five hundred feet, and will pass under the rich mineral districts of Quartz Hill and Leavenworth and Russell gulches, and the western slope of Bellevue Mountain, coming out above the mouth of Fall river, three miles through.

Mining expenses have greatly decreased in ten years. In 1865 it cost $16 to haul each cord of eight tons of ore from the mine to the mill. Milling cost, $75 per cord; wood, $10 per cord; powder, $8 per keg; steel, 40 cents a pound; and wages were from $5 to $8 a day. To-day hauling is only $7; milling, $20 to $25; wood, $4.50; powder, $4.25; and wages, $2.50 and $3.

The production of gold and other minerals in the vicinity of Central City may be seen from the following table:

DESCRIPTION.	Year 1874.	Year 1875.
Bought and shipped by the three Banks	$1,190,414	$1,380,000

McCALL & LEWIS,

Wholesale and Retail

HAY, GRAIN AND COAL DEALERS,

Proprietors Central Transfer Line.

Mark goods to care of McCall & Lewis. } **Lawrence St., CENTRAL, COL.**

Among the leading institutions of Central City are three banks, one daily and weekly newspaper and the Teller House. There are six churches, a handsome granite public school building and St. Aloysius Academy. Central has important attractions for tourists. The ride from Denver is via the Colorado Central Railway through the famous Clear Creek Canon to Black Hawk, thence carriages one mile to Central. Within a radius of a mile or two are many points accessible by carriage, from which most charming views may be obtained; such as Bald Mountain, Quartz Hill, head of York Gulch, etc. Good liveries and saddle horses may be obtained for these trips.,

Distances: To Black Hawk, 1 mile; Denver, 38; Nevada, 2; Caribou, 20; Nederland, 18; Georgetown, 19; Idaho Springs, 6.

EDITORIAL NOTES.

BANKING.—The card of the First National Bank of Central City, found at the head of that department, represents one of the most reliable banks in Colorado. The officers and directors are among the oldest and most successful business men of Gilpin county, thus guaranteeing good and safe management in all their business transactions. Their references are the very best.

DRUGS.—The Pharmacy is the largest drug store. Mr. Best commenced business in Central City May, 1866. He was burnt out in the great fire of 1874, and lost his entire stock and fixtures; but, with the aid of a good, full insurance, was selling drugs the second day after the fire. He now carries the most complete stock of goods in his line, in the territory; and is the depot for miners' and assayers' stock. We cheerfully recommend the Pharmacy as one of the leading business places of Central City.

FURNITURE.—The house of Henry Thompson, recently established in Central City, or rather removed from Denver to this point, is one of the attractive business centers of this flourishing place. Mr. Thompson has a very large stock of goods, selected with excellent taste, and, from long experience in the trade, he is enabled to offer rare inducements. All who wish to buy anything in his line should call and see him. Mr. J. A. Smith, one of the managers of the house, and "an old hand at the business," will always be found at his post, ready to show goods, and attend promptly to all orders. See advertisement elsewhere.

HOTEL.—There is no better hotel in the western country than the Teller House, a cut of which appears on another page. It is

COLORADO SPRINGS.

County seat of El Paso county. Station on Denver & Rio Grande Railroad; Western Union Telegraph Company. Daily mails and express. Stages daily to Manitou; Mondays, Wednesdays, and Fridays to Fairplay and South Park. The place was laid out in 1871, and in rapid growth and solid enterprise is excelled by no town in the territory. Its population is about 3,500.

The town takes its name from numerous valuable mineral springs in the vicinity, the most important of which are located in a most beautiful glen, five miles distant, to which has been given the name of Manitou.

Formerly these springs were visited, on account of their medicinal virtues, by the native tribes of Indians, who regarded them as a supernatural phenomenon, the boiling, or bubbling, being

THE

COLORADO SPRINGS COMPANY

HAS FOR SALE

SEVERAL HUNDRED LOTS

—AND—

MANY ACRES OF LAND

In the prosperous and growing town of

COLORADO SPRINGS.

This place is destined to become one of the principal cities in Colorado, there being a larger area of mining country tributary to it than to any other town in the territory.

To all persons who think of settling in the territory we would say, "Don't make a final settlement in Colorado before seeing this thriving town."

W. S. JACKSON, Cashier. J. H. BARLOW, Ass't Cashier.

Transacts a General Banking and Exchange Business.

caused by the direct action of the Great Spirit. During the last year large sums of money have been expended in laying out and adorning the grounds in the neighborhood of the springs.

The city has a good supply of water for fire and domestic purposes. The fire limits are bounded on the north and south by Bijou and Cucharas streets, and on the east and west by Nevada and Cascade avenues.

The business interests of Colorado Springs are represented by three well-managed and substantial banking institutions: the El Paso County, First National, and People's; four weekly newspapers: the Colorado *Mountaineer*, Colorado Springs *Gazette*, Colorado *Miner and Advertiser*, and the *Free Press*. The various trades and professions are well filled by a wide-awake and progressive class of business men.

There are excellent public and private schools. Colorado College is located here, and fine buildings will soon be erected. A Deaf and Dumb Institute is in operation. The Presbyterians, Methodists, Episcopalians, Baptists, Congregationalists, Southern Methodists, Cumberland Presbyterians, and Unitarians have commodious church buildings.

The streets are laid out at right angles, lined with shade trees, and are alternately 100 and 140 feet wide, with streams of running water for household and garden purposes. Reservations are made for college, seminary, graded school, church lots for each religious denomination, county and other public buildings, a cemetery. zoological gardens and public parks. In the eastern portion of the town the trustees have opened a beautiful street

PICTURESQUE EUROPE.

ILLUSTRATED ON STEEL AND WOOD.

A COMPANION VOLUME TO

PICTURESQUE AMERICA.

The undersigned have had for some time in active preparation a work designed to correspond, in style and character, to PICTURESQUE AMERICA (a publication that has attained a popularity unequaled by any publication of its kind in the history of American literature), which is to consist of views of the more notable and attractive places in Great Britain and the Continent. The illustrations for this work will be engraved solely from fresh and original sketches, made by artists who have visited, for this purpose, the places selected for illustration.

It is designed to give the most comprehensive and, at the same time, artistically perfect series of views of picturesque places in the Old World ever published. The success which has attended PICTURESQUE AMERICA, and which has encouraged the publishers to increase the number of engravings in the latter parts, and to extend the cost many thousands of dollars beyond the sum first intended, has warranted in the undertaking now announced an outlay of the most liberal character, and has determined the undersigned to spare no expense in making it in every way a splendid art-gallery of the picturesque and the beautiful in the storied lands abroad. In this work the innumerable old ruins, the splendid cathedrals, the ancient abbeys, the monuments of art scattered everywhere, will secure more varied subjects than in our own country, where the artist has little more than scenes of Nature to inspire his pencil.

THE

ROCKY MOUNTAIN

INSURANCE AND SAVINGS INSTITUTION

OF

DENVER, COLORADO.

B. F. JOHNSON, PRESIDENT. HENRY CROW, TREASURER.
JOHN PIERCE, VICE PRESIDENT. JOHN L. DAILEY, SECRETARY.

ORGANIZED UNDER THE LAWS OF COLORADO.

The above institution is now doing business in its Life Insurance Department on the **Contribution or Mutual Benefit Plan,** a system which is at once simple and cheap, and within the comprehension and pecuniary means of every one. Below are some of the points of advantage offered :

1.—A policy can be obtained at actual cost.

2.—The payments will be in such small sums that no one need deprive his family of its benefits on account of inability to pay.

3.—It leaves the people's money in their own hands until needed to pay losses.

4.—Its plan is simple and just, and is free from objectionable features.

5.—Its life insurance policies, for the amount paid, brings the greatest blessing to those left behind, and enables every husband and father to provide for those he is bound to love and protect.

6.—Finally, it is an *Institution of the people of Colorado*, and one in which every person in the Territory, both male and female, should feel a just pride in sustaining, and thus keep their money at home instead of sending it by the thousands of dollars out of the Territory to enrich Eastern companies. Besides, this is the first company of the kind ever organized in Colorado.

Taking the above into consideration, with the fact that an experience of some twenty-five years in conducting the business of insurance, is brought into the management of this company, which, with the aid of such gentlemen as compose the board of trustees, the officers and stockholders, we feel assured that every person in Colorado will take pride in contributing, both in patronage at home and influence abroad, to make it an institution as permanent as the mountains from which it derives its name.

DAYTON.

Miners' camp on the border of Twin Lakes, in Summit county. These lakes are a great resort for tourists; one is two and a half miles long by one and a half broad, and the other about half as large. A broad and rapid stream connects the two. The lakes are regular sloping basins, 75 feet deep at the centre. S. M. Derry, hotel, fishing tackle and camp supplies. The mail wagon runs from Granite, five miles distant, twice a week, to Fairplay and Denver.

DEER TRAIL.

Cattle shipping station on the Kansas Pacific, 56 miles east of Denver, Arapahoe county. Some thirty herds, numbering 40,000 head of cattle, range on the Bijou, Muddy, Kiowa and Big Sandy in this vicinity. The Hittson rancho is three miles west on Middle Bijou Creek. An extensive dairy here. Considerable lumber shipments; no business houses.

ERIE.

Town in Weld county, on the Denver & Boulder Valley railroad. Town organized November 16, 1874. Population, 500. Daily mail, express and telegraph. Principal coal mining centre in Colorado. The five principal mines are: the Boulder Valley, average 200 tons per day; Baker, 25; Co-operative, 50; Rob Roy, 60; and Stewart, 25. The daily shipments in winter from Erie, are about 500 tons; in summer, 240. Between 150 and 200 men are employed; $15,000 paid out per month to miners. Distances: to Boulder, 12 miles; Longmont, 9; Denver, 34 by rail, 25 by wagon.

EDITORIAL NOTES.

ARCHITECT.—Robert S. Roeschlaub, architect, whose card is in the Directory, has built up a reputation for skill in his profession, as well as for the faithful manner in which he looks after the interests of his clients. His plans and contracts are prepared with great care, and are rigidly enforced, as will be testified to by his many patrons of the last year. Persons who contemplate building, will do well to call upon or address him by letter.

BANKING.—The new Exchange bank, successors to Collins, Snider & Co., has a paid-in capital of $175,000, and has among its stockholders some of the wealthiest citizens of Denver. No institution of the kind in Colorado has better backing, or is under more experienced management. Taking at the start the flourishing business of its predecessors, its enlarged capital and new facilities make it one of the important money powers of the state. The directors are A. J. Williams, F. J. Ebert, S. G. Collins, J. K. Wilson, George E. Snider, J. M. Strickler, J F. L. Schirmer, F. M. Case and J. H. Jones. The president is F. J. Ebert, and the cashier Mr. S. G. Collins. The latter has been connected with the banking business in Denver for the past eight years, is thoroughly conversant with the business and the people of the city, and, although young, has already attained high reputation as a sagacious and prudent financier.

BOOKS AND [illegible].—[illegible] the leading firm in this line of goods [illegible] Denver [illegible] compliment in a [illegible] contemporaries: "In glancing over the [illegible] ards & [illegible] establishment we could but recall to [illegible] few years since when this firm opened at its present location in a little room forty feet in length, and compare it with its present dimensions—one hundred and twenty feet. Then, a few books, carefully selected, lest they be left on their hands; now, a large variety of the choicest works, the best authors, and every kind and style of book wished for. On their shelves one can find almost anything desired, and, if perchance they do not, a suggestion is all that is needed, and the book is at once ordered. Beside which this firm have arrangements with all the leading publishing houses of the country to send every new book as fast as published, whether ordered or not. Thus the assortment is always fresh and complete. Young and old, child or adult, can find something suited to their taste."

Dentistry.—Dr Smedley has taken those elegant corner rooms in McClintock Block. He has been in practice here so long that everybody knows him; and his new, superior rooms are only in keeping with the superior standing which he holds in the profession.

Drugs.—The very large wholesale and retail drug emporium of J. Durbin, Esq., corner of Blake and Fifteenth streets, is rapidly becoming one of the largest establishments of the kind in the West. Mr. Durbin is extending his wholesale business throughout Colorado and New Mexico, while his retail business has always enjoyed a large patronage in the city. Assisted by his son and pleasant and polite clerks, renders it truly a pleasure to visit this large and elegant store, and it would seem a wonder if from so large a stock one could not obtain everything required in pharmacy. Mr. Durbin would call attention of farmers, country physicians, and the trade generally, to his large stock of chemicals, drugs, paints, oils, varnishes, &c., all warranted pure and fresh. See advertisement on another page.

Flouring Mills.—Among the finest mills of the territory is that of Dr. Sigler, of Denver. The doctor has encountered heavy difficulties in erecting this immense structure just where he wanted it, and to secure the requisite water-power, etc , etc., but indomitable pluck and perseverance has secured success; and the doctor may regard with pardonable pride, a structure that promises so much profit to himself and advantage to the territory when fully in operation. He proposes to buy all kinds of country produce as well as grain. See card in another portion of the book.

Groceries (Retail).—We would call attention to the advertisement of the new and enterprising firm of Tallant & Jones, dealers in staple and fancy groceries, 295 Fifteenth street, corner Arapahoe. The proprietors are young men of rare business qualifications and promise, and are bound to make their store one of the favorite places in Denver to trade. Their stock is always complete, and comprises the choicest goods in the market. Their ranch butter is supplied by the most select dairies of Colorado. Cash buyers would do well to give them a call before purchasing elsewhere.

Grocers (Wholesale).—The largest wholesale grocery establishment in the Western Territories is, without doubt, that of

J. S. Brown & Bro., of Denver. This house was established in 1862, and from a small business has worked into a trade of $1,500,000 per year, with a continual increase. Their goods go into all parts of Colorado, New Mexico and Wyoming. During the past year they paid over $350,000 for freights, their receipts for every day in the year averaging three car loads. In connection with J. W. Richards, they also carry on the largest grain business of any house in Colorado. No firm in the West has a better record for enterpise and sound standing than J. S. Brown & Bro.

Hotels (First-Class).—"The Inter-Ocean Hotel," corner of Sixteenth and Blake streets, now under control of Chapin Bros., is decidedly one of the most superior first-class hotels in all the Western Country. The house is large and commodious, and has lately been repainted and refurnished. The table is always supplied with every luxury that can be purchased in the Denver markets. There is a private dining hall for ladies, and for special parties. One of the finest billiard halls in the West has been fitted up for the accommodation of the guests of the house. H. C. Chapin, the gentlemanly proprietor, is well known throughout the West as one of the most genial, pleasant and successful of landlords, and spares no pains to make his constant crowd of guests comfortable and happy. Charges are moderate for the very superior accommodations of this hotel.

Hotels.—The Planters' hotel, on corner of Wazee and Sixteenth streets, has always been one of Denver's favorite hotels. It is convenient to all the various railroad depots, and contiguous to the business portion of the city. At this hotel you will always find something good to eat, clean beds, gentlemanly clerks, attentive waiters, and charges low. The very popular proprietor, W. C. Culbert, has recently had the entire premises refitted, renovated and improved; and the addition of a new brick wing, with a dozen or more new rooms, adds greatly to its comfort and capacity.

Livery.—The new and elegant brick establishment of George Babcock, on Fifteenth street, near Guard Hall, while it has outside attractions ahead of any other livery in the city, can also boast of the finest turnouts. Those who have observed and admired the handsome "get ups" that fly about the streets, are aware that the best of them are from Babcock's. When you want a team "as is a team," go there. Buggies, horses and harness for sale at all times.

Jewelry.—When visiting Denver marts of beauty rare,
See Ingols' gold and gem bazar.
Here are diamonds bright from Golconda's mine,
And blazing opals from a summer clime.
On velvet cushions "gems of purest ray serene,"
In all their scintillating beauty gleam:
Turquois of cerulian blue, and topaz of softest yellow hue,
And flashing sapphires, deep as woman's eye of blue;
Lovely pink pearls, old ocean caves have given,
Rare as beautiful, and turquois blue as vault of heaven;
Cameos antique, and amethyst of purple sheen;
With garnets bright, and emeralds of deepest green;
And agates, petrified wood, and other curious things
In settings quaint, and of rare design,
In native and Roman gold, both pure and fine.
Artisans of deft fingers and cunning skill,
Constantly the depleting cases fill
With beauty and designs exquisite.
And none who this great emporium visit,
But say they are very, very glad they did it.
On Fifteenth street you'll find this handsome store,
In numbers bright, "263" above the door.

Manufacturers' and Importers' Agents.—C. C. Marble & Co., 378 Holladay street, have inaugurated a new enterprise in Denver. They represent some of the largest and best manufacturing and packing firms of the East and in Europe, and under the very able administration of their active and enterprising manager and agent C. C. Marble, are rapidly extending their business relations throughout Colorado, New Mexico, Utah and Wyoming Territories. The sample rooms and head quarters of the firm are in Denver, where goods can be examined, information, prices, &c. obtained, same as at factories. These manufactories sell only to wholesale dealers, and give lowest manufacturing prices, thereby giving parties the advantage of direct trade with headquarters on all kinds of merchandise. Correspondence solicited from retail dealers everywhere. Large houses of the East that have not already secured the agency of this firm, would do well to correspond with them. See advertisement elsewhere.

Manufacturing.—The Novelty Manufacturing Co., 284 Sixteenth street, are rapidly becoming one of the large manufacturing concerns of the West. They are prepared to do anything in their line, and will do it to the satisfaction of their patrons, both in workmanship and price. Brasswork and Plating are their specialties. Also the manufacture and sale of Electric goods of all kinds. Notarial, Society and Corporation Seals. It will repay visitors for their time and trouble to call upon them.

MINING MACHINERY.—Mr. B. C. Adams, an experienced Machinist, has a machinery depot in Denver, and is prepared at all times to furnish steam engines, pumps, crushers, drills, wire rope, and indeed everything in the general machinery line for mines, mills and factories. He represents some of the leading Eastern manufactories, such as Geo. W. Tifft, Sons & Co., Buffalo; A. Carr, Selden Pumps, New York; and Roebling's Sons, Trenton, N. J. Apply to him for terms.

NOTIONS AND FANCY GOODS, (WHOLESALE.)—J. R. Hicks & Co., the only exclusive wholesale notions and fancy goods house in Denver, are rapidly extending their business over Colorado, New Mexico, Utah and Wyoming. Their large store and ware rooms, 289 and 291 Sixteenth street, is crowded and packed with every article belonging to notions and fancy goods, and staple dry goods of every description. The very large patronage extended them all over this western country by the retail dealers, is a guarantee of their honorable dealing and correct business habits. It would repay the dealers everywhere in Colorado before going east for their goods to visit J. R. Hicks & Co., or send for their price list.

MUSICAL INSTRUMENTS.—Cofield's Temple of Music, 412 Larimer street, the most extensive establishment of its kind between St. Louis and San Francisco, is enjoying a liberal patronage from all parts of the Territory, an evidence of the musical culture of our people, as well as the fact that Mr. Cofield has met the public demand in his line of trade. His stock of musical merchandise, sheet music, and music books, is the largest in the Territories. A large and varied stock of the celebrated Chickering Pianos, and Mason & Hamlin Organs, may always be found at the Temple of Music. Instruments sold on the most favorable terms, at Eastern prices. Strangers visiting our city should not fail to pay the Temple of Music a visit, at No. 412 Larimer street, Denver.

A CARD.

DENVER, Dec. 20, 1875.

Having purchased the entire stock in trade and good will, of Messrs. Schormoyer & Orvis, music dealers, I desire to state to my customers and the public generally, through my increased facilities I am enabled to extend advantageous bargains, both wholesale and retail, that cannot fail to suit the demands of all classes of trade in my line. Through this consolidation my stock is, without question, the most complete and extensive in the west.

J. B. COFIELD,
Temple of Music, 412 Larimer street.

DENVER, Dec. 20, 1875.

To our Patrons and the Public:

We express our thanks for your liberal patronage bestowed upon us, and recommend to you our successor, Mr. J. B. Cofield, of the Temple of Music, as a gentleman amply qualified in the music trade, and worthy of your confidence.

SCHORMOYER & ORVIS.

SEA FOAM

Superior to any Baking Powder or Bread Preparation, and with none of their bad qualities.

TO HOTEL KEEPERS.

Please take notice that a barrel of flour will make forty pounds more of bread with SEA FOAM. Lighter bread, whiter bread, and sweeter and healthier than can possibly be produced any other way.

TO HEADS OF FAMILIES.

The Sea Foam is a truly wonderful preparation for baking. Its economy is prodigious. It saves milk, eggs and shortening, and makes most delicious bread, biscuit, cakes, etc. It makes a good cook out of a poor one, and a better cook out of a good one.

TO STORE KEEPERS.

You can make plenty of business with SEA FOAM—It is so good. Every lady who has ever used it will spread its great renown and send you new customers, to whom you can also sell other goods.

TO ALL THE LADIES.

Don't be satisfied until at least you have tried the SEA FOAM. Your table will excel anything you ever saw before. If your storekeeper is obliging he will get it for you. Ask him until he does so.

☞All the Wholesale Grocers have it, and most of the first-class Retail Grocers.

BUGGIES, HORSES and HARNESS FOR SALE AT ALL TIMES.

DEL NORTE.

County seat of Rio Grande county; laid out in 1872. Barlow, Sanderson & Co.'s stages, mail and express every other day to and from Saguache and Canon City; weekly to Baker's Park and the San Juan Mines. Population, 2,000. Altitude, 7,500 feet.

Del Norte is the principal outfitting point for the San Juan Mines, has enterprising dealers in all lines of trade, and during the past year has grown rapidly. The Post-office does a heavy money-order business, amounting to almost one hundred thousand dollars during the year ending June 30th, 1875. The United States Land Office for this district is located here. The district includes the counties of Conejos, Rio Grande, Hinsdale, La Plata, half of Lake, one-third of Fremont, three townships in Huerfano, two in Las Animas, and all of the counties of Saguache and Costilla, except two townships in each. The town has a neat and substantial court house and town jail. The court room is used for the meetings of the town board, probate court, district court, and different religious denominations. There is an abundance of Pine timber within a few miles. Several saw mills are in operation. The Rio Grande furnishes abundant water power. The erection of reduction and refining works is talked of. Del Norte has good schools, and the citizens have voted $10,000 to build a public school house. There are three church societies.

The San Juan *Prospector*, a well-managed weekly newspaper, Cochran & Roberts, proprietors, is doing much to help forward the growth and public interests of the town.

Distances: to Antelope Park, 65 miles; Silverton, 100; the Mines, 128; Canon City, via Puncha Pass, 150; Colorado Springs, via Ute Pass, 190; the Cucharas, 100; Fort Garland, 60; Wagon Wheel Gap, Sulphur Springs, 30; Pueblo, via Mosca Pass, 120; via Sangre De Christo Pass, 150; Santa Fe, 180; Lake City, 85; Denver, 227; Saguache, 35. Fare to Canon City, $27, time 36 hours; to Denver, $35, time 47 hours.

ALBERT REICHENECKER,

ANALYTICAL CHEMIST AND ASSAYER

FAIR PLAY, PARK COUNTY, COLORADO.

Assays most carefully made for Gold, Silver, Lead, Copper, or any other Metal, as well as Analyses of Coal, Mineral Waters, etc.

FAIRPLAY.

Capital of Park county. Daily mails and express. Denver & South Park Stage Line. A. B. Robbins & Co.'s Freight Line. Atlantic & Pacific and Western Union Telegraph Lines. Population 400.

The principal industry consists of lode and placer mines. Most notable of the latter are Clark & Smith's, at Fairplay; Pease and Freeman, on Beaver Creek, one and a half miles distant; Mills & Hodges, between the mouth of Mosquito and Buckskin Gulches. Lode mines are found on Mounts Lincoln and Bross Principal mines, or noted mines, are the Dolly Varden, Moose, Hiawatha, Lincoln, Elephant, Erie and Russia. Average altitude above sea level, 14,000 feet.

To the South are the Soda Springs, on Frying Pan or Colorado Gulch, and the Warm Springs on Chalk Creek, each of which has an established local reputation.

Coaches daily to Morrison, connecting with Denver, South Park & Pacific R. R. to Denver; to Colorado Springs tri-weekly; semi-weekly to Oro City, Twin Lakes, Granite and Riverside; weekly to Castello's and Canon City; every Saturday to Helena, Centreville and South Arkansas.

Distances: to Salt Works, 20 miles; Granite, 40; California Gulch, 35, by trail 20; Twin Lakes, 40; Montgomery, 12; Dudley, 7; Alma, 6; Quartzville, 10; Buckskin, 7; summit of Mt. Lincoln, 11; a good wagon road to within 400 yards of the summit; South Arkansas, 60.

CHARLES C. GIGNOUX,

DEPUTY TERRITORIAL ASSAYER

FAIR PLAY, PARK COUNTY, COLORADO.

FORT COLLINS, COLORADO.

FORT GARLAND.

This military post is situated in the San Luis valley, near Sangre de Christo pass. It was established in 1858, successor to old Fort Massachusetts, which was seven miles distant. Daily mail and express. Western Union telegraph line. The post is under the command of Lieut. Col. August V. Kautz, of the 15th infantry, and is garrisoned by company F of the 8th cavalry, and company D of the 15th infantry. It is the headquarters of the 15th infantry and the regimental band. Adj. Thomas Blair, post adjutant; Lieut. Wilson T. Hartz, quartermaster; Ferd. Meyer & Co., post traders. Distance to Pueblo, 85 miles; Del Norte, 60; Santa Fe, New Mexico, 165.

FORT LYON.

The principal military post in Colorado, on the Atchison, Topeka & Santa Fe railroad, and the Arkansas. Arkansas valley branch of the Kansas Pacific railroad. Daily mail and express. Daily stages to Trinidad and Santa Fe. Western Union telegraph. The reservation embraces nine square miles. Commandant, Major James Biddle, 6th cavalry; post adjutant, Fayette W. Roe, 2d lieutenant, 3d infantry; post quartermaster, George S. Anderson, 6th cavalry; post traders, S. G. Bridges & Co.; post surgeon, J. C. G. Happersett; chaplain, Rev. J. A. M. Latourrette. The troops are companies F and G of the 3d infantry, and companies H and M of the 6th cavalry. Distance to West Las Animas, 6 miles; Granada, 50; Pueblo, 104.

FOUNTAIN.

Station on the Denver & Rio Grande Railroad; El Paso county. See Monument.

FRANKSTOWN.

Small town in Douglas county, 30 miles south of Denver. Population, 250. California Ranch Hotel, by B. C. Killin. Trades and professions: Gardner & Jones, gen'l mdse.; L. F. Notz, wagons and blacksmithing; W. W. Cantril, lumber; L. Welty, boots and shoes; P. P. Wilcox, F. M Houtz, attorneys; W. S. Camp, physician. Tri-weekly mails. Distances: to Castle Rock, 8 miles; New Memphis, 7; Round Corral, 12.

GARDNER.

A small village on the Huerfano, in Huerfano Park, ten miles above Badito. Is on the route to Del Norte, via Mosca Pass. Population, 100. Has a hotel, school-house, two stores, blacksmith shop, post-office. Distances: to Pueblo, 60 miles; Canon City, 75; Trinidad, 65; Del Norte, 60; Walsenburg, 28; Wet Mountain Valley, 25; San Luis Valley, 30; Fort Garland, 35.

GEORGETOWN.

Capital of Clear Creek county, and centre of the chief silver region. Daily mails and express. Rocky Mountain and W. U. telegraph lines. Daily stages to Central, Idaho Springs, and to Floyd Hill, terminus of the Colorado Central R. R., Georgetown Branch; tri-weekly to Middle Park. Georgetown, in population and wealth is the second city in Colorado. Population, 5,000. Vote September election, 1875, Democrats, 600; Republicans, 496. It is situated on South Clear creek, close to the snowy range, at an altitude of 8,412 feet.

The city limits include an area of one square mile. The streets run north and south, east and west, intersecting at right angles, and crossing Clear Creek and its branches on substantial bridges.

District and town settled in 1860; town incorporated January 10, 1868.

Georgetown is growing rapidly, and in extent of trade, value of mining product, and substantial and rapid improvement, is excelled by no city in Colorado.

From the assessment returns for 1875, we find that the value of mines, mills and town lots in Georgetown, is placed at $1,536,342; capital in merchandise, $163,385.

As an indication of the amount of business done, we would say that over fifty outfits are engaged in freighting between Floyd Hill and Georgetown, and the business men pay out over $200,000 per year for freight.

The chief industry is mining. Here is the famous Terrible Mine, yielding a silver product worth $250,000 a year In the vicinity are the noted mines and tunnels of Leavenworth, Republican, Sherman and Griffith mountains; Silver Plume, Empire, Bakerville, Argentine; and the mills and furnaces of the Stewart, Spanish Bar, Idaho, Masonville, Whale and Lebanon

Miners' National Bank of Georgetown, Col.

J. L. Brownell, President. Thos. W. Phelps, Cashier.

companies. The following is a statement of silver produce in Georgetown the first half of 1875:

Bars shipped by B. & Col Sm. Works	$686,000
" " " Nederland Mill	75,731
" " " Stewart S R. Co.	141,780
" " " Judd & Crosby Mill	105,383
" " " Pelican Mill	84,240
Other sources	8,000
Ore shipped from Georgetown	575,000
Total	$1,676,134

According to these returns the entire product for the year would exceed $3,000,000, nearly a million more than in 1874.

There are good public and private schools, and Congregational, Episcopal, Methodist and Catholic churches.

As a point for tourists Georgetown has great attractions. It is almost at the end of civilization on the Atlantic slope, within nine miles of the summit of the Rocky Mountains, with snow and frosts among the luxuries of midsummer.

Among the neighborhood attractions are the ascent of Gray's Peak and Griffith Mountain, a visit to Green Lake, a trip over into Middle Park, and to the Hot Sulphur Springs; side visits to Idaho, the old mining camp at Empire, which has produced in former years $2,000,000 in gold; Cascade City, and Chicago Lakes.

Distances: Georgetown to Green Lake, 2½ miles; Chicago

EDITORIAL NOTES.

If you wish a delightful trip to Green Lake, the "Gem of the Mountains, or to Gray's Peak, the highest of the Rockies, go to S. W. Nott's Pioneer Livery Stable, Alpine street, and you will find the best and gentlest of driving and saddle horses at reasonable rates, and experienced guides, if desired. This is the oldest, largest and best livery stable in Georgetown, and livery of every description is furnished at a moment's notice. Mr. Nott is one of the pioneers of Colorado, and by his untiring industry, means and liberality, has contributed largely to the success of Georgetown, now one of the most flourishing towns in the territory.

CHICAGO AND NORTHWESTERN RAILWAY.

THE TRANS-CONTINENTAL ROUTE, ETC.

This great corporation now operates over two thousand (2,000) miles of its own road, and has "running arrangements" over nearly eight hundred miles of road owned by other Companies. Taking Chicago as its starting point, the various lines owned by this Company radiate north, north-west and west, like the fingers on the human hand. With one line it reaches MILWAUKEE, FOND DU LAC, GREEN BAY and MARQUETTE. With another it runs through MADISON (the capital of Wisconsin), ELROY, and to ST. PAUL and MINNEAPOLIS. Another of its lines stretches far across Illinois, Wisconsin, Minnesota, and terminates in Central Dakota. Still another runs from Chicago through ELGIN and ROCKFORD to FREEPORT, and with connections there for Galena, Dubuque, etc. Still another line of this corporation runs northwardly through JANESVILLE, FORT ATKINSON, WATERTOWN, to Fond du Lac, and beyond. However, the greatest and most important of the roads of this Company is their Omaha and California line, or as it is called, "THE TRANS-CONTINENTAL ROUTE." This last named is the Pioneer line between Chicago and the Pacific Coast, and was the first to connect with the great Pacific roads, and form the OVERLAND ROUTE. This line is the shortest rail line between Omaha and Chicago; the track is of the best steel rail, and is well ballasted, and as free from dust as a road can be made; the bridges are strong and durable; and all the appointments are first-class in every respect. The trains that run over this line are made up of elegant new Pullman Palace Drawing Room and Sleeping Coaches, BUILT EXPRESSLY FOR THIS LINE, luxurious, well lighted and well ventilated Day Coaches, and pleasant lounging and smoking cars; all built by this Company in their own shops. The cars are all equipped with the celebrated Miller Safety Platform, and patent Buffers and Couplings, Westinghouse Safety Air Brakes, and every other appliance that has been devised for the safety of passenger trains. All trains are run by telegraph, and are so regularly on time that one could safely set his watch by their arrivals and departures. In a word, this GREAT CALIFORNIA LINE has the best and smoothest track, and the most elegant and comfortable equipment of any road in the West, and has no competitor in the country. It is eminently the favorite route, and is acknowledged by the traveling public to be the popular line from all points in Western Iowa, Nebraska, Wyoming, Colorado, Utah, Montana, Idaho, Nevada, California, and the Pacific Slope.

All Ticket Agents sell tickets by this route. If you are going East you should try this route.

GOLDEN.

Capital of Jefferson county. Junction of broad and narrow gauge divisions of Colorado Central Railroad and of projected Golden & South Platte Railroad. Daily mails and express. Western Union and Alantic & Pacific Telegraph Lines. Stages to Denver and Morrison. Population, 2,000. Vote September election, 1875: Republicans, 191; Democrats, 172.

The location and material advantages of Golden are not surpassed anywhere in Colorado. Her citizens are thrifty, intelligent and public spirited. Where the city is built, in the valley of Clear Creek, the fall of that stream is about sixty-five feet per mile, and the supply of water sufficient at all seasons to drive any amount of machinery. There are in the city limits, and surrounding them, immense coal mines, already extensively worked —among them the Murphy, Mineral Land Company's, and Johnson's—and large deposits of fire and potter's clay, and quarries of excellent lime and building stone. Already these manufacturing advantages have attracted the attention of capitalists, and there are now in active operation in Golden, one paper mill, three

BANKERS.

IN NEW BANK BLOCK, GOLDEN, COLORADO.

Transact a General Banking Business. Drafts Drawn (direct) on all Principal Cities of Europe

REFERENCES—First National Bank, Plymouth; Pennsylvania, Second National Bank, Wilkesbarre; H. V. Rockafellow & Co., bankers, Wilkesbarre Wood, Flanagan & Co., bankers Wilkesbarre; Plymouth Savings Bank, Plymouth; L. Shoemaker, M. C.; G. M. Harding, Judge Luzerne County Courts, all of Pennsylvania; Nebraska City National Bank, Nebraska City, Nebraska.

flouring mills, two planing mills, one steam saw mill, one foundry, two smelting and reduction works for ore, one fire brick and pottery works, three works for the manufacture of fire and common brick, two breweries, and the car and repair shops of the Colorado Central Railroad.

The abundance of cheap fuel, fire-clay and superior water-power at Golden, together with its proximity to the gold and silver districts of Gilpin, Clear Creek and Boulder counties, make it an important point for the treatment of ores; and, appreciating this fact, the Collom Brothers have erected their immense reduction establishment, and the Golden Smelting Works have been enlarged and put in complete order. These great enterprises add much to the prosperity of the city.

Another institution worthy of mention is the Golden Foundry and Machine Shops. Mr. Bertenshaw, the proprietor, besides having complete theoretical knowledge of the business, possesses great practical experience. This was exemplified recently by a new order to his works, and the manufacture of refining kettles for the reduction works of the Golden Smelting Co., saving several weeks' time and making a difference to the company of $20,000. They would otherwise have had to send East for these kettles. Mr. Bertenshaw has been established in Golden some seven years. Early impressed with the great natural advantages of this place he has made it his home; has to a great degree perfected his works, but is still improving them, and by his industry, energy, liberality and a perfect knowledge of his business, con-

AND ALL KINDS OF

IRON AND BRASS CASTINGS

Made for Railroads, Steam Engines, Stamp Mill, Coal Mines and Agricultural Implements.

CASH PAID FOR OLD IRON.

SILAS BERTENSHAW.

tributed largely to the prosperity of Golden. For machinery he is using the Putnam Co.'s Machinery, No. 5 Sturtevant Blower, with capacity for casting 4,000 lbs. Mr. Bertenshaw has also applied for patent on a very valuable improvement in smelting.

The business interests of Golden are well represented by the usual trades and professions. The two banking houses, pursuing a liberal but prudent course, have largely aided all public enterprises and improvements, and receive in turn liberal recognition and support.

GREELEY.

Principal town in Weld county. Settled in 1870. Population 2,000. Vote at September election, 1875, 316 Republican; 67 Democrat. Denver Pacific Railroad. Daily mails and express. Tri-weekly stages to Ft. Collins and La Porte. Western Union Telegraph Lines.

Greeley is supported in its permanent growth by the splendid agricultural and stock-raising country surrounding it, and by its water-power, affording good manufacturing facilities. It will always have a large share of the tourists' patronage, and its quiet, orderly and pleasant community and equable climate will make it *par excellence* an invalids' home.

School facilities are good. A graded school building was finished in 1873 at a cost of $30,000.

The amount of drafts sold by the banks in Greeley during 1875, was: Cheyenne, $25,000; Ft. Collins, $25,000; Chicago, $100,000; New York, $200,000; Denver, $250,000.

The banking firm of Messrs. Emerson & West is widely known as one among the oldest and most solid financial institutions in northern Colorado.

Distances: Evans, 4 miles; Longmont, 30; Boulder, 43; Caribou, 59; Caribou, via Left Hand Canon, 40; Central City, by either Boulder or Left Hand, 77, via Denver and Golden City, 90; Denver, 52; Cheyenne, 54.

POST OFFICE BLOCK, *LONGMONT, COL.*

LOMA.

Loma (Spanish for "the hills") is situated on the north side of the river Rio Grande, in Saguache county, near Del Norte, (see Del Norte).

LONGMONT.

Next to Boulder City the principal town in Boulder county. Terminus of the Colorado Central R. R., Julesburg Division. Daily mail and express. Western Union and Atlantic & Pacific Telegraph Lines. Tri-weekly stages to La Porte, Ft. Collins and Cheyenne; daily to Erie. Population 800. Vote September election, 1875, 46 Republican; 121 Democrat.

Longmont has three church organizations holding regular services, a graded school, library association, lyceum, Masonic and Grangers' lodges, a fine driving park and a weekly newspaper. Good coal is found within a few miles in several directions; various manufacturing establishments are projected, with every prospect of success. No liquors sold in this town.

The banking house of Messrs. Emerson & Buckingham was among the earliest institutions of this young town, and has steadily grown in public confidence and patronage. It has led the way and liberally aided such enterprises as tended to the growth and solidity of the place. C. Emerson, Esq., the senior member, is also senior member of the house of Emerson & West, at Greeley, and was formerly president of the First National Bank of Van Wert, Ohio. W. A Buckingham, Esq., the junior member and manager, is also the junior member of the firm of Buckingham Bros., bankers, at Boulder. Both partners are still directors in the First National Bank of Van Wert, Ohio, and own valuable real estate in Ohio With such important financial connections and facilities for transacting business, it is but natural that the banking house of Emerson & Buckingham should stand among the first in Colorado Distances: To Evans or Greeley, 30 miles; Erie, 10; Long's Peak, 30; Estes Park, 32.

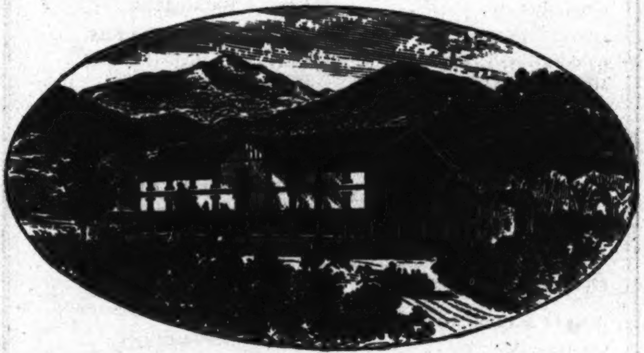
MANITOU HOUSE

R. L. HOPKINS, - - - - PROPRIETOR,
PECK & DANA, - - - - - MANAGERS,

MANITOU, COLORADO.



Elevation, 6,120 Feet! 1,000 Feet above Denver!

This Hotel is not at the Railroad Station called COLORADO SPRINGS, but where the

IRON AND SODA SPRINGS

are located, which is five and a-half miles from Colorado Springs Station. Passengers will take the conveyance at the depot at Colorado Springs upon the arrival of the train, and reach Manitou in time for dinner. Visitors will find Manitou one of the best sheltered and most romantic spots in the territory. The Hotel is fitted up in the best possible manner, and so arranged as to be one of the most comfortable houses in the West. A telegraph office is attached to the house.

Manitou is a post-office, and mail matter should be directed accordingly. The Manitou Hotel is situated in the very center of attractions, the distances of the principal points of interest being as follows: Garden of the Gods, 3 miles; Glen Eyrie, 4; Monument Park, 9; Petrified Forest, 27; Cheyenne Canon, 10; Falls of the Fountain, 1; Summit of Pike's Peak, air line, 8.

A good and moderate-priced livery, consisting of carriages, buggies, and saddle horses, is at hand to convey guests to and from these points of interest.

PECK & DANA, ***R. L. HOPKINS,***
Managers. **Proprietor**

MANITOU.

This famous resort, known all over this country and Europe, is in El Paso county. Settled in 1872. Daily mail and express. Daily stages to Colorado Springs and Colorado City; tri-weekly to Fairplay and Alma. Western Union Telegraph line. Population 200. Altitude, 6,250 feet.

Manitou is situated in the beautiful glen, five and one-half miles northwest of Colorado Springs, containing the seven famous mineral springs, "Navajoe," "Manitou," "Comanche," "Shoshone," "Arapahoe," "Misha Tunga," and "Pawnee," all valuable for their curative properties.

Among the many points of attraction in the vicinity are Garden of the Gods, Canon of the Fountain, Chiann Mountain, Glen Eyrie, Rainbow Glen, Ute Pass and Falls, the Grand Pine, Engleman's Canon, and the Beautiful Gate. The ascent of Pike's Peak is made from this point, there being a good road and trail to the summit.

The very polite, social and agreeable proprietors, Messrs. Peck & Dana, of the Manitou House (the most palatial of the elegant hotels of that place), are trying the experiment for the first time of making it a winter residence as well as a summer home for the invalid and the tourist, and with most gratifying success, as the troop of visitors and boarders there during the winter will fully attest. Manitou, with its health-giving breezes, its romantic and beautiful surroundings, its boiling springs, rustic bridges and summer-houses, its elegant residences and Gothic cottages, together with its usual joyous company of pleasure seekers, presents a picture as lovely as a "midsummer night's dream." None ever coming to Colorado should fail to visit this place of wondrous beauty, drink its healing waters, and partake of the sumptuous, substantial and dainty fare of the Manitou House.

Distance: Colorado Springs, 5½ miles (altitude 5,975 feet); Garden of the Gods, 3½; Glen Eyrie, 4½; Monument Park, 9½; Petrified Forest, 17; Cheyenne Canon, 9½; Falls of the Fountain, 1; Summit of Pike's Peak, air line, 8 (altitude 14,216 feet); Ranch Hotel, Burgen's Park, 19 (altitude, 7,100 feet); Castello's, South Park, 22 (altitude, 8,300 feet); Sulphur Springs, South Park, 34 (altitude, 9,000 feet); Hot Sulphur Springs, Canon City, by Denver & Rio Grande railway, 90 (altitude, 5,442 feet), by road, 50; Denver, 80; Pueblo, 47.

PEOPLE'S BANK

JNO. R. LOWTHER, Cashier.

Corner Main and Sixth Streets, - - PUEBLO, COL.

Exchange sold on all principal cities in United States and Europe. Transacts a general banking business.

PUEBLO.

Capital of Pueblo county. Denver & Rio Grande—Atchison, Topeka & Santa Fe railways. Daily mails and express. Western Union telegraph line. Daily stages to Cucharas, Trinidad, Santa Fe; tri-weekly to Saguache and Del Norte. Population, 5,500. Vote, September, 1875, total, 257. The Arkansas river furnishes first-class water power; and there are few better localities for woolen mills, foundries and machine shops. The various branches of trade are in the hands of active and energetic business men, who are pushing their enterprises in every direction.

The rapid gain in population may be seen from the following: January, 1867, 40; January, 1869, 800; January, 1871, 1,000; January, 1872, 1,500; August, 1872, 2,500; July, 1873, 3,750; January, 1876, 5,500.

The opening of the Atchison, Topeka & Santa Fe railroad to this point, and the extension of the Denver and Rio Grande railway to Cucharas and Trinidad, have already given a great impulse to trade and public improvement.

Pueblo built last year an irrigating ditch costing $80,000; straightened the channel of the Arkansas river for a distance of two miles; built the Holly system of water-works, at a cost of $120,000; building several substantial business houses and a number of private residences; and the improvement of grounds by the county and a large number of citizens—all of which increased the value of taxable property nearly $800,000.

PARROT CITY.

Mining camp in La Plata county. Laid out in 1874. Population, 100. Principal lodes, Comstock, Sadie B, Bay State, California, Aurora. Among the prominent owners of leads here, are Capt. John Moss, A. Chubback, A. Root, A. Flemming, R. Gyles, C. Bennett, Crowel & Co., Wm. Barren, Wm. Findley, Mark Shannon, A. R. Lewis, E. H. Cooper, M. Baby and A. H. Kallenburg. Distances: to Silverton, 60 miles; Pogosa Springs, 80; Ft. Defiance, 150.

ROSITA.

Centre of the Hardscrabble Mining District, Fremont County. Daily mail and express. Daily stages to Canon City, tri-weekly to Pueblo, Saguache and Del Norte. Population, 1,200. Vote Sept., 1875: R, 147; D, 225. The census taken Nov. 1875, shows 480 houses; 1,026 inhabitants; 288 school children. Value of ore product for 1875 over $500,000. Over 400 miners at work. The growth of Rosita may be seen from the following goods sold:

For the year ending November 1, 1873	$ 2,000
" " " " " " 1874	23,860
" " " up to September 21, 1875	120,233

In September 1875 the saw mills were selling 100,000 feet of lumber, and 85,000 shingles per month.

Distances: To Canon City, 30 miles; to Pueblo, 50.

SOUTH PUEBLO.

Thriving city on the south side of the Arkansas, in Pueblo county. Daily mail and express. Denver & Rio Grande, and Atchison, Topeka & Santa Fe railroads. Western Union telegraph line. Daily stages to Trinidad and Santa Fe; tri-weekly to Saguache, Del Norte and San Juan mines. Population, 1000. Vote, September, 1875, 194. This town was laid out in November, 1872, by the Central Colorado Improvement Co. A large trade centres here, extending to the San Juan and Hardscrabble mines, as well as to the rich intervening farm country and settlements. The river at South Pueblo is crossed by three passenger bridges. A new street passenger railway is planned to run

FORWARDING AND COMMISSION

AND DEALERS IN GENERAL MERCHANDISE,

SOUTH PUEBLO, - - - - COLORADO.

Quick delivery to all points in Southern Colorado, New Mexico and Arizona.
Mark all goods care F. & H., Pueblo, via D. & R. G. Railway.

from Abriendo avenue on the *mesa*, down El Paso avenue to Fifth street, and through it across the bridge to a depot several blocks beyond the Lindell Hotel. South Pueblo being the intersection point of the Arkansas valley system of railways, has already made it the distributing point for all the merchandise of southern Colorado and New Mexico, and the forwarding business is a large item. The most of the through merchandise is handled by the enterprising forwarding and commission house of Field & Hill, well known throughout Colorado as reliable business men, possessed of large means and extensive acquaintance and facilities for the prompt handling of goods.

ST. LOUIS.

A town on the Big Thompson, sixteen miles from Ft. Collins, on the line of the Fort Collins and C. C. R. R. (proposed), and midway between Fort Collins and Longmont. It has a post-office, drug store, two physicians, two blacksmith shops, meat market, two hotels, and one general store. The Douty Flouring Mills are here.

SUNSHINE.

This comparatively new mining camp, first opened in the summer of 1874, now bids fair to become one of the best and most productive in the territory, and is deserving of more than a passing notice in this work. It is located in the eastern limits of Gold Hill mining district, in the foot hills, at an elevation of about 6,700 feet above sea level, not over three miles, in an air line, from the valley, and in one of the pleasantest, sunniest nooks of the whole Rocky Mountain range. It is only about six miles, by a good and remarkably pleasant mountain road, from Boulder City, which place is reached from Denver by two lines of railroad—the Colorado Central and Boulder Valley—thence by daily stage direct to the mines.

In the town are about 900 inhabitants, 7 hotels, 4 groceries, 1 drug store, 2 assay offices, 4 U. S. Deputy Mineral Surveyors, 1 public school house, 1 notary public, 1 jeweller, 2 livery stables, 2 barbers, 4 blacksmiths, 2 bakeries, 1 saw mill, 1 sampling mill, owned and run by Prof. J. Alden Smith, 5 saloons, 2 meat markets, 3 boot and shoe shops, 1 cigar factory, 3 physicians, 2 clothing stores, 1 millinery store, real estate and mining agencies, postoffice, telegraph office, etc., etc.

Timber and fuel are in abundance, near at hand. The water supply, though not abundant, is amply sufficient for domestic purposes and mining necessities.

The "American" mine, owned by Hiram Hitchcock, and superintended by Prof. J. Alden Smith, is the most extensively worked of any in the district, and for quantity and richness of ore is one of the most wonderful mines in the world. It is turning out large quantities every month, that sells to the smelters at from $100 to $6,000 per ton, and has paid large dividends constantly from the very commencement. The first class ore, *by the ton*, assays $5,000 to $12,000; the second class about $800 per ton; and the third class $200. Pieces can be picked from any of the first class sacks that will yield from one dollar to two and a half dollars *per ounce*, or at the rate of $30,000 to $100,000 per ton. The quantity and quality of the ore has gradually but constantly increased from the surface, and now, at a depth of 140 feet, the vein is fully twice as wide as it was at the surface, and the ore is far richer. Among the other mines, of greater or less product and promise, are the Grand View, Charcoal, Young America, St. Vrain, Silver Dale, Osceola, Phil Sheridan, White Crow, Warsaw, Waverley, Glendale, Little Miami, Kline Nellie, Tennessee, Hawkeye, and others, nearly all of which have shipped more or less ore, and have a good reputation and established value.

Distances: Boulder, 6 miles; Denver, 40 miles; Gold Hill, 2½ miles; Salina, 1 mile; Jamestown, 8 miles; Caribou, 16 miles; Central City, 35 miles.

J. ALDEN SMITH,
(TERRITORIAL GEOLOGIST,)
EXAMINER OF MINES
MINERALOGIST AND ASSAYER,
Office at Sunshine, and Spruce Street, Boulder.
Will examine and report upon mines of Gold, Silver, Copper and other Minerals in all parts of the Territory.

CORRESPONDENCE SOLICITED.
FORT COLLINS, COLORADO.

OUR MINING INTERESTS.

The statistics given on page 31 are a mere summary of the mining product. Further facts are presented in connection with the articles on the various mining towns. Much more might be added concerning this important industry. The facts set forth should at least be supplemented by a recognition of the leading enterprises that have sprung up with and are contributing so much to the prosperity of our mining interests. First and oldest among these are the

BOSTON AND COLORADO SMELTING COMPANY.

The works of this Company, located at Black Hawk, in Gilpin County, under the management of Prof. N. P. Hill, and the works at Alma, in Park County, under the management of Mr. H. R. Wolcott, are the most prominent works for smelting gold, silver and copper ores in the United States.

Since the first furnace was built by this Company, in Black Hawk, they have handled a large proportion of the ores produced in the Territory.

The prices paid by them are as high as paid for the same quality of ore any where in the world. The process adopted by this Company is that of first concentrating the gold, silver and copper in a matte, then separating these metals and refining them. The metallurgical department is in charge of Prof. Richard Pearce, who, prior to his connection with these works, was for several years manager of the gold and silver works of Williams, Foster & Co., of Swansea, England. He has made several important discoveries, and has introduced at these works new methods for the extraction of the precious metals from copper matte, which have proved in the highest degree successful. All the gold and silver products are now sent to the markets in a refined state.

The B. & C. S. Co. was organized in Boston, in 1867, with a paid in cash capital of $275.000. Two or three years afterwards the business had increased to such an extent that it was found necessary to increase the capital, and $225,000 more was raised. For the purpose of extending their operations into new fields, and to meet the increasing demands of their business in all parts of the Territory, they are now adding $250,000 more to their capital, all of which will be paid into the treasury before May 1, 1876, so that, in addition to any surpluses they may have accumulated, the Company will have an actual cash capital paid in of $750,000.

The value of the gold, silver and copper productions of the works up to January 1st, 1875, was about $6,150,000. The production for 1874 being $1,638,877. For the year 1875 the value of their productions will be over $2,000,000.

The Company pay cash for all ores delivered to them as soon as assays can be made, or within two or three days after receipt, and every facility is given customers to satisfy themselves as to the correctness of samples and assays. Duplicate samples are furnished whenever required. Sellers of ore are paid upon the full scale of prices, no deductions being made for weighing, crushing, sampling or assaying.

Among the newer enterprises but not less important, is the

COLORADO DRESSING AND SMELTING CO.

This is one of the most gigantic enterprises that has been inaugurated in Colorado. It contemplates nothing less than the establishment of a large Dressing Works in every important mining district in Colorado, for the concentration of low grade ores, and the smelting of the enriched product at their mammoth smelting establishment in Golden. The main building of the latter, consisting of brick walls and iron roofing, covers about 20,000 square feet of ground, or nearly half an acre. All the concentrating machinery used by this company were invented and patented by Mr. John Collom, their general manager. And Mr. Collom's older machines are used in most of the important mining countries of the entire world, invariably superceding all other inventions.

This article would by no means be complete without some mention of a gentleman who has creditably led the way in most of the large enterprises, and been first in the field to discover and prove the value of many of our important mining districts. We refer of course to

PROF. J. ALDEN SMITH.

In the past twelve years, during which he has been conspicuously identified with our mines, and actively engaged in his profession as a mining engineer, constantly employed in examining and reporting on mining properties, it is high praise to say that his judgment has been so unerring that he has never yet had to take back a word in any report he has made. Prof. Smith, as a mineralogist, is without a peer in Colorado, and capitalists looking to investments and desiring an accurate knowledge of mining property will find in him a safe and reliable expert. He is now superintendent of the famous American Mine at Sunshine; but his duties frequently call him into all the other mining districts. No man has the best interests of Colorado more at heart, or has worked harder for the development of our mines, or is more deservedly popular with miner, prospector and mine owner than Prof. J. Alden Smith.

In summing up the present

MINING OUTLOOK

we can do no better than quote from the *Mercantile Agency Report* of R. G. Dunn & Co.:

"The gold and silver mines are being worked more largely than ever before. Capitalists are investing liberally, and getting good returns. This and other signs indicate that the mines of this Territory are attracting universal attention now. Capital and skilled labor is coming in rapidly. Reduction, smelting, refining and concentration works are being erected in numerous localities in the mountains, and many of them are paying handsomely. On the whole, the mining interests never looked more encouraging than now. Our merchants are gratified with the prospect for trade. Their customers have, as a general rule, paid promptly, and in the mining districts have to a large extent discounted their bills. It is safe to say that Colorado is flourishing. New towns and mining camps are springing up everywhere; capitalists are investing largely; invalids who cannot live in any other climate coming in by the car load; and the prospects of the 'Centennial State' are UNSURPASSED by any in the Union."

EDITORIAL NOTES.

LEADING EASTERN HOUSES.

The attention of Colorado buyers is called to the following editorial notes on some of the prominent eastern houses who are seeking this trade.

BLAKE CRUSHER CO., NEW HAVEN.

This firm has built up a large trade in the mining regions of Colorado, and every few days there are receipts of their Crushers at the Denver depot, destined for Central, Georgetown, Sunshine, San Juan, Gold Hill and various other points in the mining districts. The Blake crusher has received the highest endorsement from all parts of the country, and wins gold medals wherever exhibited. A more valuable machine has never probably been invented in this country. It is simple in its construction, strong in its build, not liable to derangement, and combines a maximum of durability and efficiency with low cost and great utility. Our reduction works, stamp mills and sampling works find nothing that answers their purpose half so well as the Blake Crusher.

MORRIS, TASKER & CO., PHILADELPHIA.

This firm, whose advertisement occupies a prominent place in the DIRECTORY, are among the most extensive manufacturers in the country. They are owners of the Pascal Iron Works, Philadelphia; and the Tasker Iron Works, New Castle, Delaware, and have offices in Philadelphia, New York and Boston. In their various specialties of Tubing and Gas, Steam and Water Pipe, they are by far the leading manufacturers. Their wares are of the very best material and make, and their facilities are so extensive that Colorado and Western buyers will always find it to their interest to communicate with them, or when visiting the East to call and see their mammoth works.

THE REDFIELD, BOWEN & WALWORTH CO., CHICAGO.

The works of this Company are situated at the junction of Kinzie, Michigan and St. Clair streets, and extending 200 feet on Kinzie street, 300 feet on St. Clair street, and 200 feet on the river, covering a greater area than any other similar establishment in the West. They are divided into eight different departments: No. 1, Pattern Department; No. 2, Iron Foundry; No. 3, Machine Shop. In No. 4 are manufactured radiators, coils and screens for the steam-fitting trade. No. 5, goods pertaining to steam, gas and water; No. 6, boiler-makers' supplies; No. 7, cornice-makers' supplies; No. 8, steam pumps, hand and force pumps. The facilities for shipping are unequaled in the city, the Company having a railroad track connecting on one side of their works with all the roads in the city, and a dock of their own on the river. They have the control for the Northwest of the goods manufactured by the National Tube Works, Pottstown Iron Company, Rumsey's Seneca Falls Pumps, Creamer's Registers, Nathan & Dreyfus' Lubricators, and Deane's Steam Pump.

This feature of their business gives the trade the great advantage of being able to buy all the goods manufactured by these Companies delivered in Chicago at manufacturer's prices, thus saving the freight from the East. They make a specialty of Seamless Lap Welded Wrought Iron Pipe for Mines and Water Works up to 14 inches in diameter.

CURTIS & CO., ST. LOUIS.

Curtis & Co., Saw Manufacturers, St. Louis, have been in business over twenty-one years. They supply many of the lumber mills on the Divide, in this Territory, and the leading dealers in Denver have considerable transactions with them. They guarantee all their work, and do the fair, square thing by all their customers. Their works are the most extensive of the kind in the West, and the various sizes and kinds of Saws which they turn out, handled by Colorado dealers, give uniform satisfaction, and are often preferred to those of other make.

VERONA TOOL WORKS, PITTSBURGH.

The Verona Tool Works, of Pittsburgh, one of the leading establishments of the greatest of manufacturing cities, call attention in the DIRECTORY to their superior solid eye, solid steel picks, made in their own improved dies and machinery, and guaranteed to be the *best pick ever made*, at a price not much greater than a first-class iron pick, and FAR cheaper in the end. This firm have an extensive and growing trade throughout the West; and their goods sold in Colorado have proved all that has been claimed for them Our miners, smiths and others requiring picks, tools, sledges, etc., would do well to send for circulars and price lists.

ST. LOUIS LEAD AND OIL COMPANY.

This is one of the oldest and most extensive works in the West, and holds an immense trade built up by the superiority of its goods. J. Durbin, Esq., the Denver Druggist, is their Agent in Colorado.

KOUNTZE BROS., BANKERS, NEW YORK.

We give the card of the well-known and staunch banking house of Kountze Bros., New York, on the third page of the DIRECTORY. This bank has a reputation throughout the Western states and territories, surpassed by no other. The Colorado National Bank at Denver, the Rocky Mountain National at Central City, and the First National at Omaha, at the very head of the banking institutions of the trans-Missouri country, were established and are principally carried on by the Kountze Bros.; a family of bankers, whose abundant resources, financiering tact and probity have given them a very high reputation throughout the country.. It is a common remark, and a complimentary one too, among those best acquainted with the various banks and connections of the Kountze Bros., that they are "as good as gold." Our mining capitalists are especially directed to the fact that the New York house receives and gives prompt attention to consignments of gold and silver bullion, crude and refined.

LANDRETH'S GARDEN SEEDS.

The people of Colorado give a good deal of attention to the ornamenting of their grounds, and pay out large sums every year for flower seeds, plants and shrubs. Probably there is no community in the West that do this more generally. It becomes an important matter then to "get the best;" and we take pleasure in calling attention to the fact that Landreth's Garden Seeds have for years stood in the front rank. They are fresh, choice and reliable; and when purchasing be sure and obtain the true stock.

GEO. W. TIFFT, SONS & CO., BUFFALO.

We take pleasure in calling the attention of our mining capitalists, mill-men and all in need of *boilers, engines and machinery*, to the card of Messrs. Geo. W. Tifft, Sons & Co., on another page of the Directory. They have already supplied numerous orders in this part of the country, and whatever they turn out, in their line, is the very best of its kind. All who have used their engines speak highly of them. Send for descriptive circulars and terms, to Geo. W. Tifft, Sons & Co., Buffalo, N. Y.; or to B. C. Adams, Denver.

GEO. W. LORD, PHILADELPHIA.

Mr. Lord tells his own story, as follows:

"After fully satisfying myself of the virtue of my Boiler Compound, I quit engineering in October, 1871, and started the introduction of the Compound in the city of Philadelphia the beginning of 1872. Our steam users had tried many worthless articles, and I had up-hill work, but sold the first year in Philadelphia to the amount of two thousand dollars; in 1873, eight thousand dollars; in 1874, twenty thousand dollars. I have made no calculations for 1875, but think the sales will reach fifty thousand dollars, and the greater part of this amount has been sold on conditions to receive no money until the Compound proved satisfactory; and now I seldom receive a letter of inquiry from any part of the United States, but what I am able to refer the writer to steam users in his vicinity who are using and endorse my Compound. I refer you to Mr. J. A. Blake, publisher of this book, who is personally acquainted with many of my customers."

GEO. M. MOWBRAY, NORTH ADAMS, MASS.

The use of Nitro-Glycerin is becoming more and more a popular and successful agent in mining, and has worked wonders. It is the most powerful explosive known. Geo. M. Mowbray, Esq., of North Adams, Mass., owner of the Tri-Nitro-Glycerin Works, has a card in the DIRECTORY, which our mine owners would do well to consult. He also supplies Mica Blasting Powder, and Mowbray's "Powder Keg" Battery for simultaneously firing a series of mines or drilled holes. The Sutro Tunnel Company, and Gold Hill Mining Company, of Nevada, are using these materials largely, and give them very high recommendation. Send for price lists and descriptive pamphlet.

ROUTES OF TRAVEL.

During this year all Colorado will be going to the Centennial. The pleasure of a trip depends largely on the speed, safety and comforts of the route traveled.

ATCHISON, TOPEKA & SANTA FE.

The new route via Denver & Rio Grande and Atchison, Topeka & Santa Fe lines has unusual claims to the patronage of Colorado people. They have been the first to put freights and fares to and from Eastern points down to reasonable figures, effectually breaking the monopoly so long held by the Kansas Pacific. Besides, the route is through a better country—along the fertile Arkansas Valley. The road bed is superior, and provided with the continuous rail; and all through trains have elegant new Pullman Sleeping and Dining Cars, especially built for this line. They make as quick time to Kansas City as any competing line, and make the same connections in Union Depots at Kansas City and Atchison.

ST. LOUIS, KANSAS CITY & NORTHERN.

From Kansas City the best route to St. Louis is via the old reliable "North Missouri" line, which has better equipment, road bed, and comforts for passengers than any other line. It makes close connections and quick time.

VANDALIA & PENNSYLVANIA CENTRAL.

Arriving at St. Louis, the best route thence to Philadelphia and New York is over the Vandalia, Pan Handle & Pennsylvania lines, whose track and equipment are simply superb. Pullman's coaches are run through without change between St. Louis and New York, and quicker time is made than by any other route. The Pennsylvania Central, which controls the best system of railways on the continent, extends from Pittsburgh to New York, with leased lines and through trains from St. Louis, Chicago and Cincinnati to Pittsburgh. It is without doubt the best managed Railway in the country. It makes the best time to all points West, has comfortable coaches, attentive and careful employees, never misses connections, as it controls them all, and along its main line can boast of the grandest scenery America has to offer. Everybody, now-a-days, traveling between the East and West, takes the Pennsylvania Route, assured of a speedy, safe and comfortable trip. Its engines are models of mechanical excellence, and its passenger cars are unequaled for comfort, elegance and strength. Superior Hotels and Eating-Houses are provided at all essential points, which, from their excellence of management and reasonable charges, have become the model establishments of their kind.

CHICAGO & NORTHWESTERN.

Parties going East by way of the Union Pacific will find the favorite Chicago & Northwestern the best route from Omaha to Chicago. The Company have just put on for their Omaha business three trains entirely new, from engine to baggage car, which are appropriately called "The Silver Palace Trains." As an evidence of the soundness of its road bed and track, we cite from the Helena (Montana) *Herald* a well authenticated instance of the fastest time on record:

The Northwestern has made the fastest time with its trains for a long continued run that has ever been made in this country. On its Atlantic Express Route, between Omaha and Chicago, it has run 138 miles in 142 minutes, and so smooth and good is the track, and so comfortable are the cars, that the passengers declare that, had they not known otherwise, by any thing they could tell by the movement of the cars, they should have thought they were not traveling more than 20 miles an hour, instead of nearly a mile minute. This statement must convince the most skeptical that this is the best road there is in the West.

Two trains daily leave Omaha for Chicago by this route, and so light are the grades, so few the curves, and so good the road bed and equipment, that, if necessary, 40 miles an hour could easily be made over the entire road.

HANNIBAL & ST. JOE.

The old Hannibal & St. Joe line has always been a favorite with the traveling public. It makes close connections and quick time between Kansas City and Chicago, running through without change, and provided with elegant Pullman sleepers and handsome day coaches. The motive-power is superior, consisting of 79 locomotives, all the first-class ones being of the same dimensions and uniform construction and parts; and the car equipment amounts to about five cars per mile for the whole 300 miles of the company's lines. From 125 to 150 loaded cars now pass daily over the entire length of the main line, about equally divided among grain, lumber, coal, merchandise and live stock. The road gets the large proportion of the cattle from Kansas City, and its tonnage approximates 30 per cent. more than last year.

CHICAGO, BURLINGTON & QUINCY.

The Chicago, Burlington & Quincy, which in connection with the Hannibal & St. Joe forms the favorite Kansas City & Chicago through line, in the long conceded superiority of its track and equipments, the integrity of its management, and the uniform reliability and proverbial safety and dispatch with which it makes through time and connections, is the veritable King Bee among western railways. The elegance of its sleeping cars, and the enjoyable luxury of its day coaches divests travel of fatigue, making it at once a comfort and a pleasure.

CHICAGO & NEW YORK.

The new Chicago & New York through line, known as the Erie & Chicago line, composed of the Baltimore & Ohio, Cleveland, Columbus, Cincinnati & Iowa, Atlantic & Great Western and Erie roads, is getting to be a favorite route with travelers. The trains are composed of luxurious hotel and palace cars and make quick time. The Baltimore & Ohio, the controlling spirit in this as in other great railway enterprises, is a great favorite with merchants and others going East, and the brisk competition of other lines only serves to render its merits by contrast all the more conspicuous. The tables of dining stations *en route* are sumptuously provided with all that can refresh and gratify "the inner man." The scenery without possesses every charm of variety, ranging from mountain grandeur to lovely landscape. The sleeping car accessories of this line are simply superb, and unsurpassed by the equipment of any other great thoroughfare on the continent.

VALUATION.

A Comparison by Counties of the Assessments of Taxable Property for Territorial Purposes for the Years 1870–73–76.

	Assessment for 1870.	Assessment for 1873.	Assessment for 1876.
Arapahoe	$4,706,881	$11,871,906	$12,772,268
Bent	351,248	709,695	2,172,052
Boulder	1,121,972	2,093,523	2,744,180

Conejos	205,702	212,891	123,592
Costilla	118,062	186,296	197,274
Douglas	624,397	1,888,981	1,138,294
El Paso	524,965	2,108,045	3,281,313
Fremont	375,950	1,213,689	1,479,477
Gilpin	2,737,431	2,536,774	2,200,361
Greenwood	446,924	386,239	—
Huerfano	324,932	509,780	630,744
Jefferson	1,034,738	2,190,016	1,990,417
Lake	172,917	276,540	356,461
Larimer	332,510	763,674	1,119,600
Las Animas	457,932	906,465	1,459,441
Park	175,559	579,489	795,126
Pueblo	857,811	3,105,191	3,868,508
Saguache	129,653	428,363	704,686
Summit	123,926	158,387	140,759
Weld	854,381	2,056,544	2,968,654
Totals	$16,778,008	$35,577,438	$42,353,480

Add to the assessment for 1876 the new Counties, Elbert, Grand, Hinsdale, La Plata and Rio Grande, reported at $2,328,453, and the total for 1876 is $44,681,933. The increase of 1873 over 1870 is $18,799,433.50; of 1876 over 1873, $9,104,494.

E. B. BENJAMIN.

No. 10 BARCLAY STREET,

NEW YORK CITY.

Importer and manufacturer of all kinds of apparatus for mineral and chemical analysis. *Laboratory and Assaying Tools, Prospecting and Mining Implements, Accurate* Balances and Weights, Furnaces, Tongs, Freiberg Scorifiers, French Cupels and Assay Cups. For better description of apparatus and prices, see the large *Illustrated Catalogue*, beautifully gotten up, in cloth.

PRICE, - - - - $1.50 PER COPY.

TRI-NITRO-GLYCERIN,

The most powerful explosive known.

MICA BLASTING POWDER,

The New Explosive, whose safety, power and economy may be estimated from the subjoined letter.

Hoosac Tunnel Contract.

North Adams, Mass., Aug., 20th, 1874.

Dear Sir:—Within the last six months we have used some 30,000 lbs. of your "Mica Powder," and with the exception of the "Tri-Nitro-Glycerin" itself have had no better explosive in our works here. It is light to carry, safe (as far as that term can be applied to any explosive) to handle, "nimble" to explode and thorough in combustion—a very essential quality in all preparations of Nitro-Glycerin. Where pure Nitro-Glycerin is not wanted we do not ask any better substitute than Mica Powder. Yours truly, W. SHANLY.

Geo. M. Mowbray, Esq., North Adams

Mowbray's "Powder Keg" Battery; for simultaneously firing a series of mines or drilled holes. Gutta Percha insulated leading wire for electric blasting. Electric fuses for submarine blasting. Electric fuses for rock blasting. Gutta Percha and Cotton covered Electric Wire. Tape Fuse Exploders, for Contractors' use, etc., etc.

All the above materials are manufactured by the undersigned, guaranteed to perform as represented, being the result of seven years' experience at the Hoosac Tunnel, and in various submarine works throughout the State.

GEO. M. MOWBRAY.

TRADE MARK.

COD LIVER OIL

Is recommended and prescribed by some of the most eminent Physicians of Philadelphia and elsewhere, and approved of by Wholesale and Retail Druggists, Merchants, Invalids, and many others who have been on examination, convinced of its rare excellence.

WILSON'S COD LIVER OIL

Has been tested and examined by Dr. Samuel P. Duffield, Ph. D., Chemist, of Detroit, who says: "This is Pure Cod Liver Oil, free from admixtures of Foreign Oil, as well as being perfectly sweet." This testimony is endorsed by such distinguished Physicians as Drs. Atlee, Helmuth, Zantzinger, Wilson, and a host of others through the United States.

WILSON'S COD LIVER OIL

Is for Sale by all first-class Druggists and by

STILWELL'S PATENT
LIME-EXTRACTING
HEATER AND FILTER!

Is of simple construction, and adapted to the wants of all parties using steam.
Is indispensable to an economical use of steam.
It will save your boilers.
It saves from fifteen to twenty-five per cent. of fuel.
Is easily cleaned.
Any engineer can operate it.

In our recent suit against the Armstrong Heater for infringement, the United States Court decided "that Edwin R. Stilwell was the original and first inventor." Parties purchasing the Stilwell Heater are therefore assured of protection in its use.
